MUNICIPAL REGULATIONS

FOR PAYMENT OF BILLS AGAINST THE CITY.

All persons furnishing materials or service for the city, or aid to the city poor, should be particular to take the name of the person ordering such service, material, or aid, and should *know* that the person is duly authorized to contract said liability.

The city will not be holden for merchandise sold or delivered on city pauper account, except on the written order of the Overseer of the Poor, and for no longer time than until his successor shall have been appointed and qualified.

Duplicate copies will be required of all bills payable by the city, furnished on county pauper account.

All bills against the city must be approved by the person authorizing the charge; and unless this is done, no action can be had upon the bill by the Committee on Accounts, and no order will be given for its payment.

When bills are certified to as above, and left with the city clerk before 12 o'clock of the day of meeting of the Committee on Accounts, they will be audited by them, and, if approved, be ready for payment on the Thursday following.

Meetings of the Committee are held on the Thursday next preceding the second Tuesday in each month, at 2 o'clock p. m.

JOSEPH A. COCHRAN, *City Clerk.*

Net liability on account of school-districts,				\$110,670

These bonds are issued under ordinances of the city council, as authorized to do by the act of the legislature of New Hampshire, approved August 14, 1889, entitled "An act authorizing the city of Concord to borrow money in aid of its school-districts." These school-districts have, by their votes and by their agents duly authorized, bound themselves to the city to seasonably pay to the city sufficient sums of money to enable it to meet the payments of interest and principal upon their indebtedness, and all incidental expenses, as the same shall become due.

<hr/>			
Net indebtedness on account of Penacook			
sewer, Jan. 1, 1894, \$21,653.45			
Decrease for the year, \$583.05			

The above bonds were issued under ordinances passed by the city council, establishing a sewer precinct in Penacook, and authorizing loans on the credit of the city for the establishing of said system. The ordinances also provide that the yearly interest and a portion of the principal shall be raised each year, for the purpose of creating a sinking fund to pay said bonds as they mature, as follows :

\$500 annually for ten years from August 1, 1888,
 \$1,000 annually for five years from August 1, 1898,
 \$1,200 annually for five years from August 1, 1903,
 \$1,000 annually for five years from May 1, 1908,
 \$500 annually for six years from July 1, 1914,

by taxation upon the taxable property in Penacook sewer precinct, said sums, as soon as received, to be placed at interest by the finance committee.

ALBERT I. FOSTER,
Collector.

CONCORD, N. H., January 8, 1895.

We have examined the accounts of Albert I. Foster, collector of taxes for the city of Concord during the years of 1892, 1893, and 1894, and we hereby certify that the within report is correct to the best of our knowledge and belief.

W. P. LADD.
C. E. TWOMBLY.

REPORT OF COMMITTEE ON FINANCE.

The books of the city treasurer have been examined, and compared with those of the city clerk, by the committee on finance, and all the accounts are found to be correctly kept, with proper vouchers on file for all payments. All the bills allowed by the committee on accounts and claims have been paid, and no claims against the city which the city would be liable to pay are known to remain outstanding, with the exception of those mentioned under the heading of unfunded debts; and the balance in the hands of the treasurer is eighteen thousand four hundred eighty-four dollars and seventeen cents (\$18,484.17).

PARSONS B. COGSWELL,
ADAM P. HOLDEN,
AUSTIN S. RANNEY,
HENRY O. ADAMS,

CITY EXPENSES.

FROM JANUARY 1 TO DECEMBER 31, 1894.

*Being an itemized account, made up from the books of the City
Clerk, of the payments made by the City Treasurer
on account of*

RUNNING EXPENSES.

The arrangement of the details of expenditure which follows is intended to furnish such information as is desired by the public, and is in accordance with suggestions received from various sources. Items of payment to the same individual at sundry times are included in the aggregate amount given, if paid for the same objects. Every effort has been made to ascertain and pay all the bills for the current year; and in all cases, so far as known, payments of rent, etc., have been made to December 31, 1894, and salaries and committee service have been paid for the full municipal year. The expenses of the year, which are included in the general running expense, may be seen in the aggregate at the end of the detailed account here given. This is intended to include interest, but not the payment of maturing bonds.

SUMMARY OF STATISTICS.

CONCORD, NEW HAMPSHIRE, WATER-WORKS.

Population of the city by census of 1890, . . . 17,004

Population of that portion of the city included with-
in the water precinct, estimated, . . . 15,000

Date of construction, 1872 ; additions since.

Works are owned by the city.

Source of supply, Penacook lake, a natural body of water containing 265 acres, situated about three miles and a half from the state-house, and about 125 feet higher than Main street in front of the state-house.

Mode of supply, gravity and pumping to reservoir.

FINANCIAL.

MAINTENANCE.

Receipts.	Expenditures.
From consumers (mostly for domestic uses and at fixed rates), . . . \$52,858.23	For management and repairs, \$3,321.10

REPORT OF WATER COMMISSIONERS.

To the City Council :

The Board of Water Commissioners respectfully submit their report for the year ending December 31, 1894. The report of the superintendent is made a part of this report, and your attention is respectfully invited to the same.

The work of the year has assumed larger proportions than was anticipated, and we have laid considerable more pipe than in some years previous in the ordinary work. Much of this has been done for the future and covers a large extent of territory, and has improved the system very much. The demand for this work seemed imperative, and was granted after a careful consideration of the same.

The change of grade in High street and School street caused much inconvenience and an expense of about \$1,500. The receipts shown give a very handsome increase over the preceding year, and it is hoped will continue to do so from year to year, although it can hardly be expected in the immediate future, on account of the large number of empty tenements, following the depression along certain lines of business in our city. All departments of the work have been kept up and efficiently managed.

As will be seen by the report of the engineer at the pumping station, the pumping-engine has performed a duty equal to the demands upon it.

But little has been done towards beautifying the reservoir grounds, and work to any extent cannot seem to be decided upon until the city has established certain lines along Penacook street to the opening of Columbus avenue, which has already been laid out. This certainly would be a great attraction to our city, and we hope to see the street graded and this part of our city developed.

The low state of the water in Penacook Lake is easily accounted for; by reference to records of the rain-fall during the past year, it will be seen that it is nearly a foot less than the average for a number of consecutive years previous. This condition is not peculiar to our own locality, but is very general over New England; many water-supplies were never as low as

at the present time, and measures are now being taken by many cities to protect and increase their supplies. The matter of bringing water from Long Pond in Webster will be considered, and should the exigencies of the case require it, measures will be taken toward perfecting such an undertaking.

The commissioners feel very positive in regard to the control of the shores of Penacook Lake, and we hope that all the shore of the lake not now owned by the city will be acquired as soon as possible.

The temporary loan of \$15,000 has been continued. Twenty thousand, the last of the 6 per cent. bonds, become due April 1, 1895, and measures have already been taken to take care of this issue when it becomes due. It is gratifying that our water bonds have sold so well in the market, and it is hoped to float these bonds on a $3\frac{1}{2}$ per cent. basis.

It has been the policy of the commissioners to place meters as far as possible upon all places where a large quantity of water is being used and where there seems to be a needless waste. We find that other cities are adopting the use of meters to a very great extent, thus putting the matter on an equitable basis, whereby all water that is used is paid for. It also has an advantage in that it stops all needless waste. Satisfactory analyses of the water have been made during the year.

We again bear testimony to the efficiency of the superintendent and his employes for the skilful handling of the work during the past year, and feel satisfied that the work performed and the manner in which it has been done, will bear the closest inspection.

All of which is respectfully submitted :

WILLIAM P. FISKE,
WILLIAM E. HOOD,
SOLON A. CARTER,
FRANK D. ABBOT,
JOHN WHITAKER,
HENRY E. CONANT,
WILLIS D. THOMPSON,
WILLIAM M. MASON,
P. B. COGSWELL, *ex officio*,
Water Commissioners.

REPORT OF THE SUPERINTENDENT.

To the Board of Water Commissioners :

I herewith present to you the twenty-third annual report of the operations of this department, showing the receipts, expenditures, and abatements, together with a statement of extensions and improvements made during the year ending December 31, 1894.

RECEIPTS.

For water from consumers by fixed rates,	\$42,259.10	
water from consumers by meter rates,	10,313.32	
From delinquents,	56.99	
For water used for building purposes, .	228.82	
use of meters,	33.08	
rents,	185.00	
pipe and stock sold, etc,	293.89	
		<hr/>
		\$53,370.20
Deduct abatements,		140.10
		<hr/>
Total receipts for 1894,		\$53,230.10

Concord Light and Power Co., gas, . .	11.70	
Incidentals,	5.95	
	<hr/>	\$2,939.35
Total expenditures for 1894,		<hr/> \$21,073.07

The expenses are divided as follows :

General expenses :

For management and repairs, . . .	\$3,321.10
new service-pipes, . . .	2,249.27
new distribution-pipes, . . .	6,932.22
inspection, . . .	588.15
reservoir grounds, . . .	118.50
land around Penacook lake, . . .	1,014.50
meter account, . . .	1,956.06
lowering and relaying pipe on School and High streets on account of change of grade, . . .	1,481.75
incidentals, . . .	472.17
	<hr/> \$18,133.72

Pumping station expenses :

For salaries, engineer and fireman, . .	\$1,291.52
fuel used, . . .	748.48
oil, waste, packing, and other sup- plies, . . .	142.17
incidentals, . . .	747.10
	<hr/> \$2,939.35

EXTENSIONS AND IMPROVEMENTS.

Main- and distribution-pipes have been laid and hydrants set, during the year, as follows :

In Penacook street,

east from pumping station, 925 feet 10-inch pipe and 1 hydrant.

In Penacook street,

east from North Main street, 557 feet 8-inch pipe and 1 hydrant.

In Rumford street,

north from Church street to Wyman street, 210 feet 8-inch pipe.

In Turnpike street,

south from near Margaret Pillsbury General Hospital to near J. H. Lamprey's barn, 1,583 feet 6-inch pipe and 1 hydrant.

- In Mill road, St. Paul's School,*
south from Pleasant street to Upper School cottage, 874
feet 6-inch pipe and 1 hydrant.
- In Penacook street,*
east of office of Page Belting Co. to shops, 458 feet 6-inch
pipe and 1 hydrant.
- In Wyman street,*
west from Rumford street, 220 feet 6-inch pipe.
- In Beacon street,*
west from White street, 210 feet 6-inch pipe.
- In Rockingham street,*
west from Turnpike street to Broadway, 202 feet 6-inch
pipe and 1 hydrant.
- In Curtice street,*
east from North State street, 197 feet 6-inch pipe.
- In Pillsbury street,*
east from Eastman street, 72 feet 6-inch pipe.
- In Dunklee street,*
28 feet 6-inch pipe and 1 hydrant.
- In Turnpike street,*
south from near J. H. Lamprey's barn to Samuel Holt's
brick-yard, 3,650 feet 4-inch pipe and 1 hydrant.
- In Mill Road, St. Paul's School,*
south and west from Upper School cottage to Orphans'
Home, 1,890 feet 4-inch pipe and 1 hydrant.
- In Hall street,*
extended south, 84 feet 4-inch pipe.
- In Hammond street,*
east from Hall street, 496 feet 4-inch pipe and 1 hydrant.
- In Lincoln street,*
west from South street to South Spring street, 367 feet
4-inch pipe.
- In Harvard street,*
south from Clinton street, 345 feet 4-inch pipe.

In Albin street,

west from Martin street to near Rumford street, 200 feet
4-inch pipe.

In Abbott street,

west from Lyndon street, 108 feet 4-inch pipe.

In Badger street,

extended south, 48 feet 4-inch pipe.

In Kimball street,

extended north, 36 feet 4-inch pipe.

In Sewall's Falls road,

from Main street, West Concord, to Second street, 1,670
feet 2-inch pipe.

In Second street,

from Sewall's Falls road to house of H. J. Odell, 643 feet
2-inch pipe.

In Merrimack street,

south from Orchard street to Pleasant street, 363 feet 6-inch
cast-iron pipe, relaid in place of 6-inch cement-lined.

In Warren street,

near Fruit street, 67 feet 6-inch cast-iron pipe, relaid in
place of 4-inch cement-lined.

In Giles street,

6 feet 6-inch cast-iron pipe, relaid in place of 4-inch cement-
lined.

In Chapel street,

56 feet 4-inch cast-iron pipe, relaid in place of 4-inch
cement-lined.

In Fruit street,

16 feet 4-inch cast-iron pipe, relaid in place of 4-inch
cement-lined.

In High street,

200 feet 14-inch pipe, lowered on account of change of
grade.

In High street,

120 feet 12-inch pipe, lowered on account of change of
grade.

In School street,

307 feet 10-inch cast-iron pipe, relaid in place of 6-inch cement-lined, lowered on account of change of grade.

In School street,

708 feet 8-inch cast-iron pipe, relaid in place of 6-inch cement-lined, lowered on account of change of grade.

IN PENACOOK.

In Rolfe street,

to connect with Penacook street, 22 feet 6-inch pipe.

In Penacook street,

south from Merrimack street to Rolfe street, 850 feet 6-inch pipe, and 1 hydrant.

In Washington street,

west from near Henry Morrill's house across Contoocook River to passway to mill of Concord M'f'g Co., 425 feet 6-inch pipe.

On hydrant branches,

92 feet 6-inch pipe and 25 feet 4-inch pipe.

20 feet 6-inch cast-iron pipe, relaid in place of 6-inch cement-lined.

12 feet 6-inch cast-iron pipe, relaid in place of 6-inch cement-lined, lowered on account of change of grade.

On blow-offs,

6 feet 4-inch pipe.

Summary of the Foregoing.

<i>Pipes.</i>	<i>Hydrants.</i>	<i>Stop-Gates.</i>
1-in., 1,375 feet.	Penacook St., city, 3	4-in., 17
2-in., 2,313 "	Dunklee " 1	6-in., 16
4-in., 7,255 "	Hammond " 1	10-in., 1
6-in., 5,233 "	Turnpike " 2	
8-in., 767 "	Rockingham " 1	
10-in., 925 "	Mill road, St. Paul's	
	School, 2	
	Penacook St., Pen-	
	acook, 1	
<hr/> 17,868 feet,	<hr/> 11	<hr/> 34
—equal to 3.38 miles		
Total length of main- and distribution- pipes now in use, 289,922 feet, —equal to 54.90 miles.	Total number of hy- drants now in use, 239.	Total number of gates now in use, 664.

SERVICE-PIPES.

There have been laid during the year, and connected with the main-pipe, 142 service-pipes, consisting of,—

137 1-inch,	3,466 feet.
3 2-inch,	66 "
2 6-inch,	24 "
<hr/> 142	<hr/> 3,556 "

Whole number of service-pipes, 2,970; number discontinued, 13; number in use at the present time, 2,957.

Whole number feet, 69,601, equal to 13.18 miles.

The following table shows the height of water in Penacook lake on the first day of each month:

January, . . .	172.65	July, . . .	174.45
February, . . .	172.50	August, . . .	173.40
March, . . .	172.30	September, . . .	172.40
April, . . .	174.20	October, . . .	171.60
May, . . .	174.35	November, . . .	170.90
June, . . .	174.60	December, . . .	170.40

The lowest point reached was December 1, being 170.40; the highest was June 6, 174.90;—mean height, 172.81, which was .57 foot lower than that for the year 1893.

We have been able to continue the record of the previous six years, and report that all the water-rents have been collected without shutting off a single supply for non-payment.

On account of the change of grade at the west end, ordered by the board of aldermen, we were obliged to expend much labor and money on this section; 250 feet of 14-inch and 130 feet of 12-inch pipe were lowered on High street; and on School street, new 8-inch and 10-inch pipe was laid from Holt to Giles street, a distance of 1,015 feet.

We have set 78 meters during the year, placing them on business blocks and other consumers according to your directions.

We have made two inspections through the city from house to house, and we are assured of good results from this work by the fact that, notwithstanding the low water in Penacook lake, the pressure has been higher than for several years. We are confident that it will increase still more as more supplies are metered.

The management of the pumping station has continued to be very satisfactory, and your attention is called to the engineer's report showing the excellent working of the pump.

According to your directions, we have purchased a lathe and water motor, and fitted them up so that nearly all the repairing of the department can be done by our engineer. There is always considerable expense for machine work in the way of repairing meters, tools, and machinery in general, and we shall now reduce that outlay.

On the 14th day of March, Mr. Elmer L. Gove, foreman of this department for the past five years, passed away after an ill-

ness of several weeks. His term of service was a faithful one, always in the interest of the water-works, and his thorough knowledge of the city and good judgment made him a worthy and valuable employé.

In closing this report, I wish to express my sincere thanks to all the employés of the department for the hearty coöperation they have shown in the work of the year.

Respectfully submitted:

V. C. HASTINGS,
Superintendent.

REPORT OF THE ENGINEER OF THE PUMPING STATION.

PUMPING STATION, CONCORD WATER-WORKS.

V. C. HASTINGS, *Superintendent*:

SIR: I would report that the machinery at the pumping station is in good working condition.

Following will be found a statement of coal and other supplies used at the pumping station during the year, with a table showing the work for each month.

Statement.

98 tons, 1,346 lbs. Pocahontas coal, 57 gallons of oil.
44 tons, 1,307 lbs. Cumberland coal, 35 lbs. of waste.

ENGINE RECORD.

DATE.	Pumping time. h. m.	Water pumped.	Daily average pumped.	*Total coal burned.	Daily average coal burned.	*Gallons pumped per pound of coal.
January	174:20	14,267,260	460,234	33,054	1,066	431
February....	153:15	12,951,120	462,540	30,406	1,085	425

December..	132:15	11,572,960	382,798	25,723	830	449
Total....	1,793:20	155,141,280	422,304	320,733	878	483
Daily Average..	4:52	422,304	878

*Amount of coal consumed includes that used for heating the building.

Amount of coal consumed per thousand gallons pumped, 2.06 pounds.

HENRY A. ROWELL,
Engineer.

AUDITOR'S REPORT.

CONCORD, N. H., January 1, 1895.

To the Board of Water Commissioners :

I hereby certify that I have examined the books showing the receipts of the Concord Water-Works from January 1, 1894, to December 31, 1894, and find the same correct, and that the total amounts given therein correspond with the amounts of receipts given by the superintendent, V. C. Hastings, in his report for the year.

ARTHUR H. CHASE,
Auditor.

TREASURER'S REPORT.

W. F. THAYER, *Treasurer,*

In account with CONCORD WATER-WORKS.

1883,	176.40	1894,	172.81

C.

Water Is Now Supplied for the Following Uses.

3,555 families,	2 undertakers,
2,574 water closets,	127 meters,
661 bath-tubs,	1 tannery,
990 wash-bowls,	3 bakeries,
252 heating-apparatus,	117 offices,
7 water motors,	96 stores,
7 elevators,	12 drug stores,
60 urinals,	27 grocery stores,
1,034 yard-hydrants,	14 markets,
239 fire hydrants,	3 restaurants,
29 private fire-hydrants,	9 fountains,
4 drinking-fountains,	3 green-houses,
10 public water-troughs,	14 barber shops,
22 stand-pipes,	29 mechanic shops,
18 churches,	7 plumber shops,
2 libraries,	25 stationary engines,
13 public schools,	6 printing establishments,
3 private schools,	1 organ and piano manufactory,
8 city buildings,	3 carriage manufactories,
1 state-house,	3 book-binderies,
1 post-office,	1 silver manufactory,
1 Masonic hall,	1 harness manufactory,
1 Odd Fellows' hall,	5 photographers,
4 banks,	1 cotton-mill,
4 hotels,	1 dye-house,
2 railroads,	5 laundries,
1 gas-works,	10 livery stables,

3 foundries,
1 street railway,
7 stone yards,
3 polishing-works,
2 marble shops,
2 coal yards,

911 horses,
170 cattle,
17 saloons,
1 jail,
1 state prison,
6 cemeteries.

HIGHWAY DEPARTMENT.

REPORT OF COMMISSIONER OF HIGHWAYS.

To the City Council :

GENTLEMEN: I herewith present the annual report of the commissioner of highways for the year ending December 31, 1894.

A large amount of work has been done in the past year in grading Granite street, Curtis avenue, School, Holt, Fremont, Pillsbury, Franklin, and other streets. School street was graded from Holt to Giles street, at an expense of about \$1,700, and a concrete sidewalk with edgestone was built on the south side; Pillsbury street, \$380.40; Franklin street, \$1,424.65. A new culvert has been built on Bridge street, at West Concord, at an expense of \$500, and on Second street at West Concord, \$308.80 was expended. The approaches at the Loudon bridge and at the new bridge at Horse Hill have been graded. The work on the Loudon bridge amounts to \$382.30, and on the Horse Hill bridge to \$1,428.60. The rapid growth of the city has resulted in a large increase of new residences, and a corresponding increase of new streets. The new streets opened will require more or less expense for improvements, but with the limited amount of money appropriated, much cannot be accomplished for them. The new streets have been laid out and graded out of the appropriation for "General Repairs," thereby cutting short the amount with which to maintain and properly care for the highways we already have. There are a number of streets which have been opened and built upon in the last two or three years which should be improved, and I would recommend that a separate appropriation be made for improving new streets and permanent repairs, such as paving, concreting, etc.

Again I would recommend the purchase of a steam road-roller from twelve to fifteen tons weight. Much labor could be saved and many old streets be improved by its use.

By the recent change in the fire department the highway department has been obliged to give up the use of the teams. Under the old system this department has been obliged to expend about two thousand dollars a year at the Central Fire station for the use of the teams. We could accomplish more with that amount of money if the two departments were separated entirely.

The sprinkling precinct has been enlarged, and will require another sprinkler before the coming season.

In conclusion, I wish to thank his honor the mayor and members of the city council for many courtesies shown this department which were fully appreciated.

Respectfully submitted :

ALFRED CLARK,

Commissioner of Highways.

EXPENSE OF LABOR ON STREETS.

Removing stone at State library,	\$37.70
Removing ledge at St. Paul's school,	82.40
Grading Glen street, from Allison north, 33 feet wide to Seward's building,	14.98
Grading Monroe street, from State to Grove street. 550 feet by 22 feet wide,	145.10
Grading Fiske street, from Church street, 465 feet by 8 feet wide, with stone chips,	92.85
Grading Granite street,	54.40
Grading and removing sand on Albin street, from Martin to Rumford street,	46.80
Grading Beacon street extension, from Charles to Lugg's west line,	13.55
Filling and grading approaches at Loudon bridge,	315.18
Building bank wall at Loudon bridge,	67.12
Building bank wall on Jackson West court,	54.15
Cutting Wyman street from Rumford street, 33 feet wide,	123.15
Filling Curtice avenue with sand from Wyman street, from State street east 210 feet by 33 feet wide,	52.27
Filling Granite avenue with sand from Wyman street, from State street east 150 feet by 33 feet wide,	58.63
Building bank wall corner of Highland and Jackson streets,	75.25

Grading South street, from Pleasant to Clinton streets, with gravel and crushed stone,	\$927.60
Cutting and grading Jackson West court, 122 feet by 40 feet wide,	40.90
Grading North Main street, from Centre to Montgomery street 10 feet wide,	15.70
Grading approaches at Loudon bridge with stone chips,	79.90
Grading School street, from Holt to Giles street,	1,724.39
Grading Pillsbury street,	380.40
Grading Holt street,	61.15
Grading Fremont street,	108.65
Building fence by Thomas Stuart's,	22.20
Grading Tahanto street, from Summit avenue to School street, 394 feet by 25 feet wide,	80.45
Grading School street, from Tahanto to Summit avenue, 189 feet by 25 feet wide,	52.75
Grading Tahanto street, from School street north to Yeaton's new house,	28.40
Grading North State street from Granite avenue, to north side Curtice avenue, 261 feet by 24 feet wide, with stone chips,	81.50
Grading Franklin street,	1,424.65
Grading Rumford street by cemetery wall,	196.65
Grading Turnpike street, from West to Gas street,	102.75
Grading Walker street, from State to Bradley street, 612 feet by 21 feet wide,	77.75
Grading Allison street, from Bradley to Martin, 405 feet by 22 feet wide,	59.60
Grading Bradley street from Church to Perkins street, 1,023 feet by 22 feet wide,	99.53
Grading Chandler street and paving gutters,	83.60
Grading Railroad street, from Chandler street to Hill's avenue,	79.60
Grading Walker street, from Bradley to Rumford street, 669 feet by 22 feet wide,	72.15
Filling Broadway with grade taken from Turnpike street,	16.80
Grading Lincoln street,	11.55
Grading for concrete on Tahanto street, by Yeaton's new house, 48 feet by 5 feet wide,	9.10

Grading Washington street, from Rumford to Essex street,	\$44.20
Grading for concrete on Church street, from Mudgett's lot to Lyndon street,	29.05
Grading walk for concrete on east side of Lyndon street, by Larkin's lot, 105 feet by 5 feet wide,	23.30
Grading for concrete on Park street, from Dr. Walker's east line to State street, 232 feet by 7 feet wide,	15.00
Grading for concrete on State street, from Park to Centre street, 217 feet by 7 feet wide,	33.00
Grading for concrete on Centre street, from State to west line of Eastman's lot, 192 feet by 7 feet wide,	21.85
Grading for concrete on Valley street, opposite F. H. Smith's, 66 feet by 5 feet wide,	2.70
Cutting sidewalk and removing trees on Allison street, from Mills east to east line of Hutchinson's lot,	21.20
Grading sidewalk on Walker street, from Rumford to Bradley street, 660 feet by 5 feet wide,	32.27
Grading sidewalk on Rumford street, from Walker to point near Perkins street, 250 feet by 5 feet wide,	11.95
Gravel walk on Walker street, from State west to old concrete, 264 feet by 5 feet wide,	27.90
Grading walk for concrete on north side of School street at Capital Fire Insurance Co.'s building, 128 feet by 6 feet wide,	3.50
Raising stone in sidewalk on Main street, front of Phenix block,	3.85
Grading walk for concrete, south side of Sexton avenue, 33 feet by 4 feet wide,	10.90
Grading walk for concrete, opposite J. D. Perkins's, on Blake street,	5.10
Grading from Larkin's store to Penacook street, 950 feet by 30 feet wide,	240.80
Grading for concrete, opposite N. B. Emery's two lots, 92 feet by 5 feet wide,	3.50
Grading for concrete on east side Turnpike street, from West to north line of Gas Co.'s lot, 214 feet by 6 feet wide,	16.20
Grading for concrete on Concord street, opposite Patrick McIntire's, 124 feet by 4½ feet wide,	4.85

Grading for concrete on Holt street, from School street to south line of Carr's lot, 5 feet wide,	\$12.25
Grading for concrete, corner of Main and Pleasant streets,	22.00
Grading north side Church street, opposite Blake's, for concrete, 131 feet by 5 feet wide,	5.60
Grading Second street at West Concord,	308.80
Building Bridge street culvert at West Concord,	183.98
Building shed at Central Fire station,	222.26
Repairing bridges in Mountain district,	35.30
Repairing culverts in Mountain district,	38.60
Relaying paving on North Main street, from Pleasant to Depot street, east of track,	144.42
Removing trees at State library,	9.40
Removing trees at East Concord,	7.00
Repairing Soucook bridge at Richardson's mills,	95.27
Filling sand house,	62.47
Repairing gutters on Gully hill,	28.55
Repairing paved gutters between Fremont and State streets,	13.20
Moving sand from South End sewer to fill Allison street,	47.60
Relaying curbing at Lyster Bros. on North Main street,	15.85
Relaying curbing in front of Brown's block on Warren street,	5.85
Paving gutter on North State street, opposite Pumping station to north line of lot, 358 feet by 4 feet wide,	34.25
Paving gutter on School street opposite Gannon's lot, 71 feet by $4\frac{1}{2}$ feet wide,	6.60
Paving gutter on Main street, Penacook,	7.00
Cutting gutters and repairing gravel walk on Blake street,	9.60
Paving gutters on both sides South street, from Pleasant to Wall street, 611 feet by 4 feet wide,	63.25
Paving gutters on South street from Monroe to Thorndike street, 584 feet by 4 feet wide,	73.95
Paving gutter on east side South street, from Monroe north to Concord street, 180 feet by 4 feet wide,	25.90
Cutting gutters on South Main street, from Thorndike street to Wentworth avenue, and grading with crushed stone,	37.65
Paving gutters on North State street by Fowler building,	9.35

Paving gutters on south side Highland street, from Jackson to Bradley street.	\$22.10

REPORT OF THE COMMITTEE ON SEWERS AND DRAINS.

To the City Council :

The committee on sewers and drains held sixteen meetings during the year, and the members thereof made frequent inspections of sewer work while it was in progress. The season was a most favorable one for such work, and the amount of sewer construction was considerably increased over what was contemplated when the appropriation for sewers was made in March. To meet this additional expenditure the city council, on December 11, authorized the issuing of three and one-half per cent. bonds to the amount of nine thousand dollars, by the following ordinance :

AN ORDINANCE providing for the loan of nine thousand dollars to pay for sewers.

Be it ordained by the City Council of the City of Concord, as follows :

SECTION 1. The city treasurer is hereby authorized to procure by loan on the credit of the city the sum of nine thousand dollars (\$9,000), to pay for sewers.

SEC. 2. Bonds of said city shall be issued for said loan, signed by the mayor and treasurer and countersigned by the city clerk, as provided in the ordinance relating to loans. Said bonds shall be dated December 1, 1894, and shall bear interest at the rate of three and one-half per cent. per annum, and shall be of such form as the mayor and city treasurer may determine ; and shall be made payable on the first day of December, 1914. Said bonds shall be exempt from taxation when owned by residents of Concord.

Of the money thus provided, \$4,011.14 was expended on the South End sewer, to extend it to South street ; \$1,889.36 on the sewer on North State street, east of Blossom Hill cemetery ; and \$2,749.74 on the sewer in Valley and Forrest streets, leaving an unexpended balance of \$349.76.

The petitions considered by the committee were disposed of as follows :

Arthur N. Drake, for extension of Beacon street sewer. Granted and built.

Lee Brothers, for extension of sewer in South State street. Granted and built.

Mrs. Bridget Gannon, for extension of sewer in Warren street. Granted and built.

N. E. Martin, for sewer in Valley and Forrest streets. Granted and built.

William Prowse, for relaying sewer in Tremont street from Rumford street east. Granted and relaid.

For Abbottville sewer, in West Concord sewer precinct. Granted and built.

Petitions laid on the table for further consideration :

W. H. Page, for sewer in Hall street.

J. E. McShane, for sewer in Clough's avenue.

G. D. B. Prescott, for sewer in Pillsbury street.

D. T. Slack, for sewer in Hall street.

D. T. Slack, for sewer in Hammond street.

Frank Mayo, for sewer in White street.

George Bodwell, for sewer in Hall street.

Petitions for sewers granted in 1892, and not yet built :

Eastman street.

Broadway, from Allison to Humphrey street.

Humphrey street.

Early in March the following bids for materials for the season of 1894 were received :

Bids on cement :

Frank Coffin	\$1.34
Woodworth & Co.	1.35
Dickerman & Co.	1.23

Dickerman & Co. were awarded the contract for 1894.

Bids for pipe :

David W. Lewis, 75 $\frac{1}{4}$ per cent. discount from list up to and including 24-inch. No bid on 30-inch.

Humphrey & Dodge, 76 per cent. discount up to and including 24-inch ; 50 per cent. discount on 30-inch.

Thompson & Hoague, 77 $\frac{1}{2}$ per cent. discount up to and including 24-inch for Ohio river pipe ; 77 per cent. discount up to and including 24-inch for Akron pipe.

Portland Stoneware Co., $77\frac{1}{2}$ per cent. discount up to and including 24-inch; 50 per cent. on 30-inch.

Portland Stoneware Co. was awarded the contract for 1894.

Bids for castings in April:

Ford & Kimball, 1 9-10 cents per pound.

Concord Foundry Co., 1 9-10 cents per pound.

Concord Foundry Co. were awarded the contract for 1894.

In the month of May a bid was received from William S. Marsh, of Lawrence, Mass., for work on the South End sewer, at \$8.57 per lineal foot. and \$39 for each manhole. The bid was accepted, and the sewer was extended to South street. The balance of the appropriation for this sewer in 1893, amounting to \$4,453.89, was expended, and also the sum of \$4,011.14, derived from the bond issue of \$9,000, made in 1894.

In June the following bids were received for constructing new sewer in Albin street, relaying Walker and Bradley streets, and extending the sewer in Auburn street:

William S. Marsh, Lawrence, Mass.:

15-inch pipe, Walker street, \$1.50 per foot.

12-inch pipe, Bradley street, \$1.35 per foot.

10-inch pipe Albin street, \$1.20 per foot.

Manholes, \$26.00 each.

Rock excavation, \$3.50 per cubic yard.

10-inch pipe, Auburn street, \$1.25 per foot.

Manholes, Auburn street, \$24.00 each.

Rock excavation, \$4.00 per cubic yard.

J. N. Drew & Co., Malden, Mass.:

15-inch pipe, Walker street, \$1.18 per foot.

12-inch pipe, Bradley street, .98 per foot.

10-inch pipe, Albin street, .74 per foot.

Manholes, \$25.00 each.

Rock excavation, \$7.00 per cubic yard.

10-inch pipe, Auburn street, \$1.05 per foot.

Manholes, \$24.00 each.

Rock excavation, \$7.00 per cubic yard.

Contract awarded to J. N. Drew & Co.

In July the following bids were received, for constructing sewers through White Park, Valley and Forrest streets, Abbottville, West Concord, and North State street, north from Granite street:

George M. Atkins, Palmer, Mass. :

15-inch pipe, White Park, Valley and Forrest streets, \$1.00 per foot.

12-inch pipe, White Park, Valley and Forrest streets, .75 per foot.

10-inch pipe, White Park, Valley and Forrest streets, .60 per foot.

Rock excavation, \$6.00 per cubic yard.

Cement concrete, \$5.00 per cubic yard.

Manholes, \$40.00 each.

Abbottville, West Concord :

10-inch pipe, \$0.60 per foot.

Rock excavation, \$6.00 per cubic yard.

Cement concrete, \$5.00 per cubic yard.

Manholes, \$40.00 each.

North State street :

10-inch pipe, \$0.75 per foot.

Rock excavation, \$6.00 per cubic yard.

Cement concrete, \$5.00 per cubic yard.

Manholes, \$40.00 each.

W. S. Marsh, Lawrence, Mass. :

White Park, Valley and Forrest streets :

15-inch pipe, \$1.00

12-inch pipe, \$0.90 per foot.

10-inch pipe, \$0.85 per foot.

Rock excavation, \$0.00 per cubic yard.

Cement concrete, \$0.00 per cubic yard.

Manholes, \$20.00 each.

Abbottville, West Concord :

10-inch pipe, \$0.70 per foot.

Rock excavation, \$4.50 per cubic yard.

Cement concrete, \$2.50 per cubic yard.

Manholes, \$20.00 each.

North State street :

10-inch pipe, \$0.87½ per foot.

Rock excavation, \$4.00 per cubic yard.

Cement concrete, \$2.50 per cubic yard.

Manholes, \$20.00 each.

J. N. Drew & Co., Malden, Mass. :

White Park, Valley and Forrest streets.

15-inch pipe, \$0.98 per foot.

12-inch pipe, \$0.95 per foot.

10-inch pipe, \$0.70 per foot.

Rock excavation, \$6.00 per cubic yard.

Cement concrete, \$6.00 per cubic yard.

Manholes, \$25.00 each.

Abbottville, West Concord :

10-inch pipe, \$0.70 per foot.

Rock excavation, \$6.00 per cubic yard.

Cement concrete, \$6.00 per cubic yard.

Manholes, \$16.00 each.

North State street :

10-inch pipe, \$0.87 per foot.

Rock excavation, \$6.00 per cubic yard.

Cement concrete, \$6.00 per cubic yard.

Manholes, \$18.00 each.

Chester V. Carlton, Milford, N. H. :

White Park, Valley and Forrest streets :

15-inch pipe, \$0.89 per foot.

12-inch pipe, \$0.70 per foot.

10-inch pipe, \$0.55 per foot.

Rock excavation, \$6.00 per cubic yard.

Cement concrete, \$4.00 per cubic yard.

Manholes, \$15.00 each.

Abbottville, West Concord :

10-inch pipe, \$0.58 per foot.

Rock excavation, \$7.00 per cubic yard.

Cement concrete, \$3.00 per cubic yard.

Manholes, \$18.00 each.

North State street :

10-inch pipe, \$0.72 per foot.

Rock excavation, \$4.00 per cubic yard.

Cement concrete, \$3.00 per cubic yard.

Manholes, \$13.00 each.

Contract awarded to Chester V. Carlton.

The work on the South End sewer was attended with the same difficulties as in previous years, as to excavation and flow of water. The 30-inch pipe substituted for brick work did not fully meet our

expectations, and after 546 feet of it were laid, brick work was resumed for the remainder of the distance, 86 feet.

Considerable difficulty was encountered in constructing the sewer from Valley and Forrest streets across White Park, on account of the depth of the bog soil in the "green." This necessitated the use of plank, supported by piling, on which to lay the pipe, and thereby added to the estimated expense.

During the year 112 permits to enter sewers were issued in the city sewer precinct, 20 in West Concord sewer precinct, and 30 in Penacook sewer precinct.

The appropriation for sewers in the city precinct, for 1894, was \$5,000. The other receipts were as follows :

From rent of pumps :

Concord Land & Water Power Co.,	\$16.00
Concord Light & Power Co.,	1.00
Hiram O. Marsh,	1.00
Ferrin & Woodman,	1.00
Leslie McPhee,	1.00
William S. Marsh,	21.00
Martin Richardson,	.50
H. W. Smith,	1.00
C. V. Carlton,	11.00
Rowell & Plummer,	1.00
Connors & Co.,	24.00
Page Belting Co.,	24.00
	<hr/>
	\$102.50
Pipe sold,	25.34
	<hr/>
	\$127.84
Collected from 1893,	32.00
	<hr/>
Deposited with city treasurer,	\$159.84

The total expenditures were \$18,193.16, leaving a balance of \$610.34 unexpended.

WEST CONCORD SEWERAGE PRECINCT.

In this precinct 515 feet of 10-inch sewer pipe were laid in Abbottville, at a cost of \$486.49, and \$26.50 were expended for

repairs. Number of permits granted during the year, 20. The financial report is as follows :

Balance January 1, 1894,	\$2.133.34
Paid for new work,	\$486.49
Repairs,	26.50
Balance Dec. 31, 1894,	1,620.35
	<hr/> \$2,133.34

PENACOOK SEWER PRECINCT.

In the Penacook Sewer Precinct, 92 feet of 10-inch sewer was laid in Washington street, being the only portion of the original survey which had not already been laid. The main sewer in Bye street having been completely filled by sand so that the whole sewerage from above emptied through the overflow near the Twin bridge, some 50 feet were taken up and relaid and the whole thoroughly flushed out. At the fall flushing the sewers were found in good condition. Number of permits granted during the year, 30.

The following is the financial report :

Receipts.

On hand January 1, 1894,	\$256.87
Received for pipe sold,	16.64
	<hr/> \$273.51

Expenditures.

Paid for flushing sewers (May),	\$39.50
Washington St., sewer,	33.95
N. S. Gale & Co., pipe and cement,	2.98
Concord Foundry Co.,	2.27
Henry Morrill, repairs,	35.55
" "	5.75
Flushing sewers, October,	22.12
E. H. Davis, labor,	6.50
N. S. Gale & Co., pipe and cement,	1.65
Humphrey & Dodge, pipe,	2.64
S. G. Sanborn, blacksmithing,	11.30
Cash on hand,	109.30
	<hr/> \$273.51

For further details of sewer work see the report of City Engineer Howe, which follows this report :

Committee on Sewers and Drains.

CITY ENGINEER.

REPORT OF CITY ENGINEER.

OFFICE OF THE CITY ENGINEER,
CONCORD, N. H., December 31, 1894.

To the City Council :

I herewith submit for your consideration, the second annual report of this department, and the work done under its supervision for the year ending December 31, 1894.

In this report will be found the cost of all the sewers constructed during the season of 1894, all repairs made, and cost of same, also the expenses attending the erection of the Loudon bridge, and the amounts expended to date on Horse Hill bridge. A portion of the sewer work the past season was done by contract, and the results are before you for examination. The plans and records in the office accumulate rapidly, and I would renew the recommendation of last year for a suitable plan case for storing and filing plans, that they may be kept in better shape for future use. The field work on a general survey of the compact portion of the city, is nearly completed, and we hope to complete a plan showing the territory from Bow line to Penacook street, this winter.

The employés of this department for the past year have been : Harley W. Morrill, assistant engineer ; Frank E. Sampson, assistant engineer ; Frank W. Brown, transitman ; Fred W. Lang, Arthur B. Emery, and Harry Nutter, rodmen, all of whom have rendered efficient services in their positions. I wish to express to the mayor and the members of the city council, my appreciation for their support and coöperation in the work of the past two years. The expenses of this department for 1894 are as follows :

Paid for salaries,	\$2,840.50
rent and gas,	206.34
supplies,	102.74
repairs,	40.75
car fares and expenses,	176.08
print frame,	23.45
Total,	<u>\$3,389.86</u>
Appropriation,	<u>\$3,000.00</u>
Overdrawn,	<u>\$389.86</u>

SOUTH END SEWER.

The work was extended to South street this season, and the same material was encountered to the end of the work. All work on this sewer was done under contract, by W. S. Marsh of Lawrence, Mass. This sewer will have to be extended to meet the wants of the people living near the jail, and west of Auburn street. The cost of extending the sewer will be largely reduced from the cost of the portion already built, as the depth of cutting will be much less.

LOUDON BRIDGE.

Work was continued on this bridge, and it was completed and opened for travel March 12. There were expended in 1894 the following amounts:

Labor on masonry,	\$226.56
Commissioner of highways, grading approaches,	382.30
Cement,	33.87
Plans and inspection,	630.43
Blacksmithing,	4.87
Stone and trucking,	27.00
Wooden railing,	69.17
Painting railing,	29.51
Berlin Iron Bridge Co., per contract,	17,712.00
Total,	<u>\$19,115.71</u>
Expended in 1893,	<u>514.43</u>
Total expenditure,	<u>\$19,630.14</u>

Appropriation,	\$20,000.00
Expended,	19,630.14
Balance unexpended,	<u>\$369.86</u>

HORSE HILL BRIDGE.

The matter of repairs on this bridge was called to the attention of the board of mayor and aldermen by the commissioner of highways, at the meeting, June 12, 1894. At this meeting the commissioner of highways and the city engineer were instructed to examine the structure and report to the board at the next meeting. This report was presented at the July meeting, and the city engineer was authorized to procure plans for a steel structure, and submit them to the board at the August meeting. Plans were made by John E. Cheney, C. E., of Boston, Mass., and were accepted and adopted at that meeting.

The committee on roads and bridges, consisting of Aldermen Emery and Ranney, and Councilmen Forrest and Engel, with the addition of the mayor, Alderman Sanders and Councilman Dodge, were authorized to proceed with the construction of new masonry, and the erection of the superstructure. Proposals for masonry were immediately solicited, and on August 25, bids from the following parties were opened by the committee: Ward & Douglas, Barre, Vt.; William S. Marsh, Lawrence, Mass.; William H. Ward, Lowell, Mass.; Barton & Runnels, Lowell, Mass.; and Connors & Co., Lowell, Mass. Prices submitted by Connors & Co. were the lowest, and their proposal was accepted, a bond filed, and contract signed. The work on the masonry was completed December 15, with the exception of pointing one abutment, for which the sum of \$100 was withheld from the contractors, to be paid when the pointing is completed in the spring.

Proposals for the superstructure were received until September 3, and on that date the following bids were opened by the committee:

Edge Moor Bridge Works,	\$5,100.00
Massillon Bridge Co.,	4,800.00
Toledo Bridge Co.,	4,150.00
Groton Bridge & Manufacturing Co.,	4,339.00
Berlin Iron Bridge Co.,	5,445.00

Vermont Construction Co.,	\$4,620.00
Boston Bridge Works,	4,187.00
King Bridge Co.,	4,866.00
R. F. Hawkins Iron Works,	4,503.00
Penn Bridge Co.,	4,649.00
New Jersey Steel & Iron Co.,	4,546.00
Wrought Iron Bridge Co.,	3,685.00

The contract for the superstructure was awarded the Wrought Iron Bridge Co., of Canton, Ohio. The contract was signed and bond filed for the faithful completion of the contract. The work of erection was commenced Dec. 25, and the bridge will probably be completed in January, 1895.

There have been expended to date the following sums :

Connors & Co., on masonry contract,	\$5,012.64
Commissioner of highways, grading approaches,	1,428.60
Horse hire and expenses,	103.34
Inspection masonry,	220.00
	<hr/>
	\$6,764.58
Appropriation,	\$10,500.00

WEST CONCORD SEWERAGE PRECINCT.

But one new sewer was built in this precinct during the season of 1894, the cost of which is shown in this report. The new work was done under contract. Repairs were made on the southern outlet, caused by a washout and the caving in of the banks, thereby breaking about 30 feet of 15-inch pipe. A statement of the expense attending the repairs is appended.

W. B. HOWE,
City Engineer.

PUBLIC LIBRARY.

REPORT OF THE TRUSTEES.

To the City Council:

By an ordinance of the city it is enacted that the trustees of the public library "shall annually, in January, make a report of their doings to the city council, of the amount of all money received and dispensed, how, and for what purpose expended, the conditions and prospects of the library." etc.

In compliance with this requirement, the trustees submit herewith the report of the treasurer of the institution, disclosing its financial condition on the twentieth day of January, 1895, and furnishing a statement in detail of "all money received and dispensed, and how and for what purpose expended."

Concerning the "condition and prospects of the library" the trustees have only to state that its condition is prosperous, and its prospects bright, when viewed in the light of anticipation of that favor and liberality on the part of the city government, on which its usefulness and success mainly depend. Generous appropriations by the city for its support and maintenance are investments which are sure to return large profits in the way of the higher education of the people and their mental and moral development.

The free circulation of good books is a discouragement of idleness, an incentive to industry, a purification of morals and manners, a restraint upon evil, and a promotion and cultivation of honesty, purity, and goodness.

That these benefits of the institution are appreciated by the public is manifested by the circulation, from this library, of more than eighty-five thousand volumes during the last twelve months, an increase of more than five thousand over the preceding year.

A more specific statement of the "condition and prospects of the

library " has usually been presented by the trustees in the annual report to them, of the librarian, which has heretofore been submitted to the city council, in connection with the annual report of the trustees. With deep sorrow we are compelled to state that, in the midst of the preparation of the librarian's report, his busy hand was suddenly arrested by death. Other hands will take up the work he left unfinished, and the usual report will be furnished without unnecessary delay.

On the fourteenth day of January, 1895, Deacon Daniel F. Secomb, for many years the faithful, experienced, industrious, and accomplished librarian of this institution, was called from all earthly scenes and labors, to enter into the rest and receive the rewards promised to all good and faithful servants of the Divine Master.

He loved the work in which he was engaged, and pursued its tasks with enthusiasm. He served the city and its people with true devotion to his duties.

It is a satisfaction to be enabled, through this report, to place upon your records our testimony concerning his fidelity to his trusts, and to express our recognition of his virtues. We comprehend much in few words when we speak of him as an upright and conscientious citizen, a warm-hearted friend, a devoted follower of Christ. His rich legacy to us is the example of a modest, pure, and consecrated life.

Total,	8,428

INCREASE OF BOOKS.

One thousand four hundred and forty-two books have been purchased, and 49 books and 152 pamphlets received as donations to the library; 136 books have been thrown aside, being worn out and imperfect, and unfit for circulation.

THE READING ROOM.

The reading room, furnished with magazines and newspapers, has been open to the public, as required, a portion of every day in the year, and has been visited by at least 10,000 readers during the twelve months.

THE REFERENCE ROOM.

The reference room also has been well patronized, 2,138 persons having been registered as having called to consult the books. Some new and valuable works have been added to its treasures. The magazine reference section has been considerably enlarged.

It is gratifying to announce for the year 1894 an increase of over 5,000 volumes in the circulation. Due acknowledgment should be made of the interior and exterior repairs executed during the summer.

Respectfully submitted :

DANIEL F. SECOMB,
Librarian.

January 1, 1895.

REPORT OF THE TREASURER.

To the City Council:

The balance in the hands of the treasurer, January 1, 1894, was \$487.48; transferred from trust account, \$100, to which have been added the city appropriations of \$6,500, and receipts from the library, \$168.52, making a total of \$7,256, as available funds for the purposes of the library. Of this sum, \$7,034.21 has been expended, as per itemized account, leaving a balance in the hands of the treasurer of \$221.79.

SANITARY DEPARTMENT.

REPORT OF THE BOARD OF HEALTH.

To His Honor the Mayor, and the City Council :

The Board of Health herewith respectfully transmit the annual report of their executive officer, showing in detail the work of the department during the year. From its summaries it will be seen that the labor of the health officer is each year becoming more important and more salutary, and that the services rendered are indispensable to the citizens of Concord. Mr. Charles E. Palmer has continued to perform the duties of the position to the entire satisfaction of this board, and, we believe, to the general acceptance of the public whose interests he has so carefully subserved. During the year, 650 complaints have received the attention of the health officer, and such orders as he has deemed necessary have been complied with by the parties interested. The number of house to house inspections made during the year was 240, which is much smaller than the sanitary needs of the city demand, or than was contemplated by the ordinance providing for the inspection, and yet all that the other imperative calls upon the officer's time made possible. The greatest service which the health officer can render the public is in the supervision of cases of contagious diseases. To successfully establish and maintain quarantine wherever it is found necessary, with the frequently attendant duties of seeing that thereby no hardship is worked, that proper medical care and nursing are not wanting, requires much time and attention from the officer, and can not be delegated to another.

The ordinance also imposes upon the health officer important duties in relation to the laying of drains, an inspection and record of connections with the public sewers being required of him. During the year, 140 such inspections were made, and complete records of the same filed in the office of the board of health, and of the city clerk. With the growth of the city, which has thus far been con-

tinuous in spite of the prevailing business depression, the health officer must give more, rather than less, time to the duties above enumerated, with the result that fewer house to house inspections will be possible. In the opinion of the board, it would be wise if provision were made for such assistance to the health officer as would permit of a thorough house to house inspection annually, during the early spring.

There has been a gratifying decrease in the number of cases of contagious diseases reported during the year, the total being 164 as compared with 402 in 1893. This comparison indicates the healthfulness of the city, as well as increasing recognition by our people of the necessity for the exercise of the greatest care in the treatment of this class of cases, and thorough compliance with quarantine and other regulations. During the year, the board have sought and received the coöperation of the medical profession of the city, in their consideration of questions pertaining to the wisest and best arrangement of cases of contagious diseases. Conferences have been held, with general and helpful interchange of opinions and experiences, and the board feel certain that the sanitary interests of our city have been advanced thereby. The need still exists, and each year becomes more imperative, for a hospital ward for contagious cases, and the board would most heartily coöperate in any plan or undertaking which had for its object the providing of such place.

The revision of the city ordinances, effected during the year, made practically no change in the sanitary laws of the city. The sentiment in favor of stringent laws to govern the construction or repairing of plumbing, with proper official supervision and inspection, seems to the board to be gaining ground here as elsewhere. The board were represented at a conference, of sanitary officers and others interested, recently held in Manchester, for the purpose of considering proposed state legislation. In the absence of state law covering this subject, the board of health believe it to be for the best interests of all concerned, that provision be made by city ordinance for a more thorough and practical regulation of plumbing than is now required.

E. A. CLARK, M. D.,
D. E. SULLIVAN, M. D.,
E. N. PEARSON,

Board of Health.

REPORT OF THE HEALTH OFFICER.

To the Board of Health :

GENTLEMEN: I herewith submit my annual report for the year ending December 31, 1894, with such suggestions as seem to me appropriate at this time.

The general health of the city has been remarkably good, the mortuary reports exceedingly low, and contagious diseases mild in character. The continuation of this healthful condition is the object of this department to maintain.

Six hundred and fifty-two complaints have been received, including those found in making inspections with reference to objects that annoyed, and places that were found to be sources of disease, and dangerous to the health of the community.

Physicians are taking much interest in sanitary matters, and I am frequently requested by them to examine many filthy and unsanitary places. Thus the work enlarges, and each year brings new duties to be performed by the health department.

The following is a summary of nuisances found, and orders were issued for their abatement. These are classified as follows :

Accumulation of decayed fruit and vegetable matter,	12
Accumulation of tin cans and coal ashes,	29
Bad well water,	4
Bad sink drainage,	18
Broken sewer traps,	11
Catch-basins, not trapped,	12
Dead animals,	26
Decayed meat and fish,	3
Defect in house sewers,	9
Dumping rubbish,	21
Damp cellars,	9
Dropping manure in street,	1
Defective plumbing,	19
Filthy stables,	9

Filling old well,	1
Filthy cellars,	15
Filthy swill barrels,	2
Filthy back-yards,	28
Filthy alley-ways,	2
Foul and offensive cess-pools,	16
Keeping hogs and pigs,	10
Keeping hens,	8
Night-soil not covered,	3
Offensive manure heaps,	13
Offensive cow yards,	2
Offensive privy vaults,	102
Offensive catch-basins on street,	11
Offensive odor in houses,	12
Over-crowded tenement,	2
Offensive odor from stables,	4
Privy vaults full,	33
Private sewers obstructed,	22
Sinks found without traps,	7
Sewer gas in houses,	9
Stagnant water in stable cellars,	3
Stagnant water on vacant lots,	1
Stagnant water in house cellars,	3
Street sewers obstructed,	5
Sewers not properly ventilated,	27
Surface sink drains,	40
Throwing swill in alley-ways,	11
Throwing swill in ash-barrels,	8
Throwing coal-ashes into street,	27
Throwing slops into catch-basins,	3
Throwing slops into street,	9
Water-closets without water-supply,	2
Water-closets not ventilated,	13
Water-closets foul and offensive,	5
Water-closets out of repair,	10

The complaints received, relative to alleged nuisances, were carefully investigated, and the orders issued by the health officer have been complied with, although in some cases it has been found nec-

essary to make a second, and, in a few instances, a third inspection, to ascertain if the orders have been carried out.

HOUSE INSPECTION.

The inspection of houses has been followed up as time would permit, but with the care of contagious diseases, inspection of sewers, general complaints and office duties I have not been able to accomplish as much as ought to be done in that very important branch of the service. The number of inspections made during the year is given in the list below :

Private dwellings,	55
Tenements,	125
Boarding houses,	2
Stables,	29
Meat markets,	7
Hotels,	2
Manufactories,	1
School houses,	13
Business blocks,	3
Public buildings,	3
Total,	<hr/> 240

In making these inspections, with no desire to inconvenience any one, I have felt it my duty to see that proper precaution was taken, and have insisted, wherever necessary, that the simple rules of cleanliness and decency, as well as of good sanitary regulations, be properly carried out.

Six hundred and fifty-two notices for the abatement of nuisances have been served, and 203 privy vaults, 21 cess-pools, 31 surface drains, 2 old stone drains, have been removed. Two hundred and three water-closets have taken the place of the privies removed, and 142 additional ones have been placed in houses built during the year, making a total of 345. In all cases, so far as known, the laws relative to ventilating the sewers have been complied with.

SEWER CONNECTIONS.

In compliance with the city ordinance, the health officer has endeavored to perform his duty in regard to the enforcement of the

rules and regulations relative to sewers and drains. In all cases, so far as known, he has been notified in season to personally inspect the connection made and work completed.

Of the 140 private sewer connections made, a complete record has been filed in this office, and a copy sent to the city clerk, giving location of inlet, trap, size and kind of pipe used, rate of fall per foot, total length of pipe, and name of drain-layer doing the work. Akron and cast iron material have been used in all instances, and a statement of the various sizes follows:

107 feet 8-inch Akron pipe.				
1,547	"	6-inch	"	"
5,642	"	5-inch	"	"
1,166	"	4-inch	"	"
230	"	6-inch iron	"	"
196	"	5-inch	"	"
95	"	4-inch	"	"

making a total of 8,985 feet, or an average of 64 feet for each lateral sewer.

This amount of drainage has been furnished:

Private dwellings,	62
Tenement houses,	61
Public institutions,	1
Business blocks,	9
Boarding houses,	2
Stables,	1
Stores,	2
Markets,	2

PLUMBING.

No change has been made in the rules governing plumbing during the last year. Many calls have been received for the inspection of old plumbing, where parties felt uneasy, and desired to know if everything was in good condition. These requests have all been met, and sixteen peppermint tests have been made, and in nearly all cases defects have been found. Many times the case has been one of carelessness, and I have no doubt has been the cause of serious illness.

Statistics have clearly demonstrated that in cities where the plumbing of buildings has been placed under official control, the death rate has been considerably lessened, and I feel that I would be failing in my duty, if I did not again bring this matter before those whose official duties call them to provide the means of securing what actual experience has long since taught us is an absolute necessity; and it seems a subject so well settled would not need further discussion. I believe that if the members of the city council could see for themselves some of the recklessness and criminal negligence in plumbing work, they would not long remain in doubt as to the justice, propriety, and importance of providing more efficient means for protecting the health and lives of our citizens. Persons who understand this matter know there is more to plumbing than simply getting the water into a house and conveying the waste out of it; and I earnestly renew at this time my recommendation of last year, that an inspector of plumbing be appointed, and the enactment of ordinances similar to those in force in many other cities.

CONTAGIOUS DISEASES.

There have been reported to this office 164 cases of contagious diseases, as compared with 402 cases during the preceding year.

SCARLET FEVER.

The outbreak of this disease, about the middle of December, 1893, has continued during almost the entire year, which has been the occasion of some uneasiness, and while the disease has been of a mild type, only once have I been able to report that a case did not exist in the city. I think the action taken a year ago, in lengthening the time of a quarantine, was a wise one. Every precaution should be taken that the most intelligent care can exercise to shield our little ones from this disease, the results of which, when not fatal, are often so serious, distressing, and permanent. Of the 113 cases reported, 6 proved fatal; as compared with 41 cases in 1893, with no fatal results.

DIPHTHERIA.

There has been a decided falling off in the cases of diphtheria during the last year as compared with the year previous. I think this shows to some extent the successful work that has been carried on for the purpose of stamping it out. The repeated warnings of our board and the physicians, the placarding of houses, the abolishing of places of filth when found, are all having their effect. Of the seventeen cases reported, three proved fatal, as compared with forty-five cases the previous year, and a fatality of seven.

MEMBRANOUS CROUP.

We have been free from membranous croup during the year, not one case having been reported.

TYPHOID FEVER.

The number of cases reported the past year was thirteen, being the same number as was reported the year previous, with three

proving fatal. Four of the above cases were contracted elsewhere, and brought here for treatment.

In November numerous complaints were made to this board of a bad odor arising from the water, and I caused two analyses to be made by Prof. Edmund R. Angell, the results of which are given below.

Sanitary Analysis of Water.

EDMUND R. ANGELL.

Derry, N. H., Dec. 19, 1894.

MEASLES.

This disease has not prevailed to any extent, but twenty-one cases having been reported during the year, as compared with three hundred in 1893, none proving fatal.

DISINFECTION.

The record of boards of health throughout the country, show the advantage of isolation and disinfection, in stopping the ravages of contagious diseases. The two united, when thoroughly enforced, have succeeded in controlling the spread of disease and saving the lives of many. Oftentimes the statement has been made that too much sulphur is used for the purpose required. In answer to this, it may be well to say, that experimenting has proved that the use of from one to two pounds per one thousand cubic feet of air space is practically of no value, but all authorities and expert testimony agree that the use of from three to four pounds gives a reasonable guarantee of success. The greatest difficulty is experienced in fumigating, when by the force of circumstances, I am obliged to fumigate a portion of a house at a time, the remainder being occupied by the family.

Number of houses infected with contagious diseases, during the year,	133
Number of rooms fumigated,	219
Number of pieces infected goods destroyed by burning,	42
Total number visits made to contagious diseases,	921

And in this connection I would recommend that at least once a year our school buildings be thoroughly disinfected by the use of sulphur, followed by the wiping of the walls, desks, etc., with corrosive sublimate solution.

HOSPITAL FOR CONTAGIOUS DISEASES.

The lack of proper hospital accommodations for the care of persons sick with diphtheria and scarlet fever has been forcibly brought to my attention during the past year at many times; had we possessed the proper accommodation, cases of scarlet fever and diphtheria would have been removed immediately from unfavorable surroundings to where they could receive care and treatment. In one instance scarlet fever made its appearance in a tenement block, March 6, where there were twenty children, and it was impossible to establish thorough isolation. As a result the block was placarded from March 6 to Sept. 7, and eighteen of the children had scarlet fever. And I would suggest at this time for your consideration that if an arrangement could be made to procure the school-house that is to give place to a new one on Broadway near West street, it could be moved to some suitable place near the hospital and fixed up for such purposes at very little expense. If this could be done I think Concord would be as well equipped for taking care of contagious diseases as any city of its size in the country.

With the beginning of the year, under the rules of the state board of health, I have prepared a report weekly of contagious diseases existing in the city, together with what action was taken in each case by the health officer. I have also prepared monthly statements from the returns made to the city registrar giving information as to the number and causes of deaths, death rate per thousand, locality, sex, color, condition, age, place of burial, also number of marriages and births.

These statistics have been furnished the daily papers and sent in exchange to nearly one hundred cities in the United States. Following this report is given the mortuary tables for the year ending Dec. 31, 1894.

To the members of the board, his honor the mayor, members of the city council, and all others, I desire to return thanks for your earnest coöperation and courtesy extended to me in carrying out my duties as health officer.

Respectfully submitted:

CHARLES E. PALMER,

Health Officer.

[illegible]

Total number of deaths for the year 1894, 338, compared with 437, 1893.

Annual death rate for the year 1894, 14.62, compared with 19.46, 1893.

Whole number births for the year 1894, 478, compared with 447, 1893.

Whole number marriages for the year 1894, 183, compared with 195, 1893.

CHARLES E. PALMER.
Health Officer.

REPORT OF THE CITY PHYSICIAN.

To the City Council :

The undersigned respectfully submits his second annual report :

School children vaccinated,	231
Whole number of visits,	211
Consultations at office,	16
Examinations of insane persons,	2

The large number of children vaccinated was due to the enforcement of the law by the board of health, which requires all children to be vaccinated before entering the public schools. I would recommend that this law be strictly enforced at all times, instead of spasmodically, as has been the custom in former years.

Respectfully submitted :

N. W. McMURPHY,
City Physician.

POOR DEPARTMENT.

TWENTY-SEVENTH ANNUAL REPORT OF THE OVERSEER OF THE POOR, FOR THE YEAR ENDING DECEMBER 31, 1894.

To the City Council :

GENTLEMEN: The undersigned herewith submits the twenty-seventh annual report of expenditures for the poor, including Wards 1 and 2, for the year ending December 31, 1894, as follows :

POLICE DEPARTMENT.

REPORT OF THE CITY MARSHAL.

To the Board of Mayor and Aldermen :

I herewith submit my annual report of the police department for the year 1894 :

	1891.	1892.	1893.	1894.
Whole number of arrests (including Penacook),	691	699	697	720
Whole number of arrests at Penacook,	47	72	50	44
Brought before the court,	536	487	560	628
Total amount received for fines and costs, 1891, \$3,306.92 ; 1892, \$3,027.78 ; 1893, \$5,352.19 ; 1894, \$4,396.60.				
Total amount paid out,—1891, \$462.21 ; 1892, \$480.50 ; 1893, \$363.73 ; 1894, \$557.23.				
Discharged by the court,			2	17
Discharged without being brought before the court,	116	140	110	93
Whole number of lodgers (including Penacook),	608	584	936	1166
Whole number of lodgers at Penacook,	93	94	170	251
Number doors found open and secured (including Penacook),	108	103	68	184
Number doors found open and secured at Penacook,	14	11	6	9
Lost children returned to their parents,	21	18	15	21
Number boys cautioned to attend school,	18	21	21	28
Number girls cautioned to attend school,	4	4	3	2
Called to quell disturbances,	56	44	61	80
Stray teams found,	14	13	13	16
Number times city ambulance required,	31	29	38	28
Assault,	25	31	18	19
Aggravated assault,			3	1

	1891.	1892.	1893.	1894.

Whitney D. Barrett,			13	7
Charles P. Webster,			22	22
James Kelley,			13	9
Charles E. Kelley,			4	10

* Crime not committed in Concord.

	1893.	1894.
Arrests made by special officers,	54	38
Special officers assisted in making arrests, . . .	21	48

The organization of the police department at the present time is as follows :

G. Scott Locke, city marshal.

James E. Rand, assistant marshal.

Daniel S. Flanders, captain regular police and night watchman.

John E. Baker, regular police and night watchman.

Fred M. Eaton, " " "

Whitney D. Barrett, " " " Penacook.

Charles P. Webster, " " " "

James Kelley, " " " Penacook.

Charles E. Kelley, " " " "

John E. Gay, " " " "

Charles W. Hall, " " " "

The special reserve officers, consisting of fifteen men under Captain C. L. Gilmore, have rendered valuable assistance to this department.

I will renew my recommendation of 1891, 1892, and 1893, as follows :

I would most respectfully suggest that this department requires a team. Frequently we are called to some part of the city to make an arrest, but before we can procure a team and arrive at our destination the party has escaped, and that old question is asked, "Where are the police?" What would the public think, or say, if the fire department were obliged to go to livery stables to hire horses in case of an alarm of fire? It is just as essential that the police should respond at once to all calls. I would most respectfully call your attention to the fact that this department is subject to calls from any part of the city to respond to all alarms of fire, which always require a team. I would suggest that a shed, suitable for one horse, one wagon, and the city ambulance, should be added to the police station.

I would also recommend a police signal line, extending from West street to Penacook, with signal boxes at convenient points. It would be of great service in case of fire at West Concord and Penacook. The estimated cost would be \$3,000.

By referring to the detailed report of arrests, you will find there have been but few crimes of a serious nature committed in our city during the past year. One case of murder appears in this report, but the crime was committed outside of Concord.

POLICE FORCE.

For the success attained by this department, sincere thanks are due all the officers for their hearty coöperation in my efforts to secure criminals.

To have the city properly guarded will require an increase in the police force. At the present time, there is only one officer on duty nights, south of Pleasant street, making that beat too large for one man to properly care for; and the north end beat should have an additional officer. It is for the city government to decide whether or not certain parts of the city shall have police protection. I would recommend the appointment of two additional police officers.

IN CONCLUSION,

I wish to return my sincere thanks to the board of police commissioners, to His Honor Mayor Cogswell, and the board of aldermen, for the courteous treatment this department has received at their hands. Harry G. Sargent, city solicitor, has always advised and aided us, for which our thanks are due him..

Respectfully submitted :

G. SCOTT LOCKE,
City Marshal.

REPORT OF CLERK OF POLICE COURT.

To the City Council:

The clerk of the police court submits the following report for the year 1894:

Number of civil cases entered,	137
Received for fees,	\$89.50
Paid city treasurer,	\$89.50

GEORGE M. FLETCHER,
• *Clerk of Police Court.*

Concord, Dec. 31, 1894.

REPORT OF THE CITY SOLICITOR.

To the City Council:

The only cases in which the city was interested as a party at the time of my last annual report were the suits of *Scully v. Concord*, *Ann Currier v. Concord*, *Albin & Martin v. Concord*, and the *Tahanto Real Estate Association v. Concord*.

The first mentioned suit was settled without expense to the city by arrangement between the plaintiff and the Concord Street Railway, who was the real defendant in interest. The suit of *Ann Currier* is now pending before the law term upon a question of law as to the sufficiency of the notice, and will probably be decided in March. The trial court made such a finding of fact in regard to the sufficiency of the notice that there is strong reason to expect that the city will prevail in this suit without the expense and uncertainty of a trial by jury. The claims of *Albin & Martin* and the *Tahanto Real Estate Association* for damages caused by cutting down the grade of a highway are still pending. Negotiations have been made for a settlement which have not been successful and the engagements of counsel upon both sides have been such that a hearing has not yet been reached. I expect that the cases will be disposed of by trial or settlement in a short time.

At the October term, 1894, of the supreme court for Merrimack county three suits for abatement of taxes were commenced against the city of Concord by the First National Bank, the National State Capital Bank, and the Mechanicks National Bank of Concord. The claim made in these suits is (1) that the surplus capital of these banks which has been taxed by the city under the laws of the state is invested in stocks of railroad and other corporations in the state of New Hampshire, on the property of which corporations a tax was assessed on the first day of April, 1894, and (2) that a portion of their surplus is invested in city of Concord four per cent. bonds, which were

issued under an ordinance providing that such bonds should be exempt when owned by residents of Concord. The banks claim that the taxation of their surplus under the provisions of the state law is a taxation of the specific property in which the surplus is invested, and therefore the tax is invalid because (1) "as to the stock in railroad and other corporations, it is double taxation," and (2) "as to the city of Concord four per cent. bonds it is a violation of the terms of the ordinance under which they were issued." If the position taken by the banks in these cases is sustained, it will result in the loss of a very large amount of taxable property which has hitherto been taxed by the city and out of which it derives a substantial tax. It will also have a far reaching effect, because all the banks in the state will undoubtedly invest their surplus in a class of property that cannot be taxed in case the position taken by the banks of Concord is sustained. The surplus capital of the national banks for the year 1892 amounted approximately to \$2,300,000, and at the rate of two per cent. the tax on this surplus would amount to \$56,000.

The cases are now before the law term and will probably be decided in March. As counsel for the city I have filed a brief with the court in answer to briefs filed by counsel for the banks.

H. G. SARGENT,
Solicitor.

REPORTS OF POLICE COMMISSIONERS.

The quarterly reports of the board of police commissioners, summarized, are as follows for the year :

March 4, 1894. The resignation of Levi F. Cole, member of the regular police force, was received and accepted.

Charles W. Hall was elected a member of the regular police force.

James E. Rand was elected assistant city marshal, commission to date from April 16, 1894.

March 15, 1894. The resignation of Nathan H. Dunbar, special policeman, was received and accepted.

Appointed Robert McKerley, Lewis C. Stevenson, and W. H. Meserve special policemen.

April 21, 1894. Willie A. Little was elected a member of the regular police force.

John E. Gay was elected a special policeman, to serve on the reserve force.

June 30, 1894. George D. Richardson and Moses T. Rowell were appointed special policemen.

August 6, 1894. The resignation of Willie A. Little, regular policeman, was received and accepted.

John E. Gay was elected a member of the regular police force.

December 5, 1894. The resignation of Horace Robinson, regular policeman, was received and accepted, to take effect the 9th instant.

REPORT OF CITY LIQUOR AGENT.

To the City Council :

In compliance with section 10, chapter 112, of the Public Statutes of this state, and the resolution of the board of mayor and aldermen of May 26, 1888, establishing this agency, I respectfully report the transactions of this office for the year 1894.

ON HAND JANUARY 1, AND PURCHASED DURING THE YEAR.

Wines and liquors on hand January 1, per report, 287 $\frac{5}{8}$ gallons, 79 and 87 bottles liquors and malt liquors,	\$1,313.10
Purchased of M. S. Brown, liquor commissioner, wines and liquors, 623 $\frac{1}{2}$ gallons, 120 and 120 bot- tles liquors and malt liquors,	2,026.28
Total, 911 $\frac{1}{8}$ gallons, 199 and 207 bottles liquors and malt liquors.

Respectfully submitted :

MOSES LADD,

City Liquor Agent.

Concord, N. H., December 31, 1894.

STATE OF NEW HAMPSHIRE,

MERRIMACK COUNTY, ss.

Personally appeared Moses Ladd and made oath that the foregoing account by him rendered is correct according to his best knowledge and belief. .

Before me :

J. A. COCHRAN,

City Clerk.

PUBLIC PARKS.

REPORT OF THE PARK COMMISSIONERS.

To the City Council :

The sixth annual report of the Park Commissioners for the year 1894 is respectfully submitted :

Mr. W. H. Richardson has been continued as superintendent during the year and a force of four men during the season.

Through the kindness of Mrs. White a horse was furnished during the most of the season for his keeping, and with a cart especially adapted for park work, which was purchased by the Park Commissioners, has enabled a large amount of work to be performed.

Over 2,000 loads of grade and loam have been used to fill the low lands, and gradually this unsightly part of the ground is being eliminated and reclaimed. Quite an amount of shrubbery has been planted during the year, and various kinds of trees located in convenient spots have also been planted.

Necessity of securing a water supply engaged the attention of your commissioners and they have spent about \$200 in developing what is known as White's spring, owned by the city, but used to a very small extent. The lowness of the water in all sections has defeated our purposes to some extent, but with plenty of rain, we shall be able to store water enough for all our uses. The spring has afforded a good supply, though slightly diminished, and has ministered to the pleasure of a large number of people.

Owing to many misdemeanors and malicious actions on the part of unknown parties, the Commissioners established rules and regulations for the use of the park, which have had a very gratifying result. Early in the season, some person, whether

accidentally or otherwise, caused the death of one of the swans, and measures were taken to secure another one, without avail, but, however, we expect to secure one in the spring.

In the decision of the department of sewers of the city, the engineer advised crossing the land of the park. The result was a disfigurement and also a damage to the amount of \$250, which should be reimbursed to the department of parks and commons; also, an appropriation should be made to take care of the purchase made of Mr. James H. Rowell of the corner lot, which will, the coming season, be cleared of all unsightly buildings, and it is hoped that the playground may be in some degree developed the coming spring.

Under the revised ordinances, which enlarge the duties of the Park Commissioners, it would be well to call the attention of your honorable Board to the matter in question and the necessary expense incident thereto, and that the appropriation may be liberal in this department.

The Superintendent has acted in connection with the Committee on parks and commons in doing some work at Rollins's park, and advice has been obtained of Mr. James H. Bowditch of Boston, a celebrated forester, and part of the appropriation has been spent in this work.

BENJAMIN S. ROLFE,

JOHN F. JONES,

WILLIAM P. FISKE,

GEORGE A. YOUNG,

BEN C. WHITE,

WILLIS G. C. KIMBALL,

PARSONS B. COGSWELL, *ex-officio*,

Balance to be paid to City Treasurer,		16.00
		<u> </u>
		\$24.50

CEMETERY DEPARTMENT.

REPORT OF COMMISSIONERS.

To the City Council;

We hereby submit for your consideration the fourth annual report of the Commissioners of Cemeteries. Your appropriation made for the cemeteries has been expended in general work and improvement of the grounds. We have endeavored, at considerable expense, to extend the water service, in order to make the water accessible to all lots. We have labored under a great disadvantage, as the water will not run on the higher portions of the cemetery during a greater part of the summer. During the year we have completed a large common lot for the burial of those unable to purchase a lot. We have also prepared a lot, subdivided into single grave lots. This seemed advisable in order to meet the demands of every class.

We have graded and sodded quite a portion of the uneven and ragged hillside fronting the entrance to Blossom Hill cemetery, and have greatly changed the appearance of the unsightly ravine on the left of the main entrance.

During the year Hon. H. W. Clapp presented to Blossom Hill cemetery a beautiful drinking fountain, which has been placed near the entrance, and has proved a useful and ornamental gift.

The commissioners hope during the ensuing year to begin the erection of a small chapel, public waiting room and quarters for the superintendent, under one roof. There seems to be a demand for this which must be met.

At the Old North cemetery we have expended your appropriation in general work, repairing and painting fences, grading, etc.

We also submit a report of the receipts and expenditures, and trust the same will meet with your approval.

P. B. COGSWELL, *ex-officio*,
JOHN E. ROBERTSON,
CHARLES G. REMICK,*
CHARLES S. PARKER,
OBADIAH MORRILL,
GEORGE O. DICKERMAN,
GEORGE A. FOSTER,
FRANK P. ANDREWS,
Commissioners of Cemeteries.

* Resigned Nov. 1, 1894.

REPORT OF TREASURER OF COMMISSIONERS.

To the City Council:

The treasurer submits the following report of receipts and expenditures by the Cemetery Commissioners for the year ending December 31, 1894.

FIRE DEPARTMENT.

REPORT OF CHIEF ENGINEER.

To His Honor the Mayor and Gentlemen of the City Council:

In accordance with the rules and custom governing the Fire Department I submit the report of the work done from January 1 to December 11, 1894.

The department has been kept up to its high state of efficiency and has responded to all alarms promptly, controlling all fires with the apparatus now in service. Insurance rates have not been advanced, and we know of no person who carries insurance to the full value of their property on account of fear that the department will not reach their premises promptly in case of fire.

The department has responded to thirty-six (36) bell alarms, three of which were out of town calls, and nine for brush fires; and fifty still alarms were answered by the steward, assistant steward, and drivers from the central station, except a few that are credited to the Alert and Good Will companies in the detailed report of fires, and were extinguished by the use of the pony extinguisher.

At Penacook the number of bell alarms was five and two still alarms.

At East Concord two bell alarms—one for a brush fire and one for a dwelling house.

LIST OF FIRES AND ALARMS.

January 2. Still, 3:40 p. m. Chimney fire, house of Mrs. Charles Lawrence, corner South State and Downing streets. No loss.

January 9. Still, 7:45 p. m. Chimney fire in house of Alvertus Evans, Bowery avenue. No loss.

January 11. Box 14, 1:40 a. m.; second alarm sounded at 2:20 a. m. Building on North State street owned by W. H. Reed; occupied on first floor by W. H. Reed, groceries and provisions; second floor by the Grattan Club. Hydrants were in poor condition, and second alarm was for the purpose of getting additional hose to reach distant hydrants. Losses as follows: on building, \$1,050; insurance recovered, \$1,050; W. H. Reed, contents, \$400; insurance recovered, \$400; Grattan Club, \$150; no insurance.

January 13. Box 15, 3:53 a. m. Fire in works of Haley Manufacturing Company on North Main street.

January 13. Box 23, 5:35 a. m. For same property. The fire was extinguished in one part of the works, and all but one line made up and ordered to quarters, when fire was discovered in another part of the works, which caused box 23 to be pulled, and bringing the department back. The ringing of box 15 for first alarm was wrong and carried some of the apparatus a long distance out of the way. The loss was as follows: on building, \$300; insurance recovered, \$300; on contents, \$1,200; insurance recovered, \$1,200.

January 22. Box 45, 1:25 p. m. Fire in house of John Dooley. Loss on building, \$50; insurance recovered, \$50; loss on contents, \$40; insurance recovered, \$40. Cause, defective chimney.

January 23. Box 7, 10:35 p. m. Fire in barn of Hial Carr on Fruit street. Total loss. Loss on building, \$100; insurance recovered, \$100; loss on contents, \$50; insurance recovered, \$50. Cause, incendiary.

February 8. No alarm. Building owned by Michael Effie of Boston, used as an Italian camp. Loss, \$50; no insurance. Cause, incendiary.

February 11. Still, 3:45 p. m. Chimney fire in Exchange block. No damage.

February 12. Box 25, 8:53 a. m. Fire in Phenix stable, occupied by M. F. Bickford. Loss on building, \$12; insurance recovered, \$12; loss on contents, \$20; insurance recovered, none. Cause, explosion of oil stove.

February 13. Still, 11:40 a. m. Chimney fire in house of L. J. Uffenheimer, and occupied by Mrs. Fred Pearson. Loss, \$20. A second call (still) was made at 1:40 p. m., same day.

February 13. Still, 8:15 p. m. Chimney in residence of Timothy Clough, corner Laurel and Pierce streets. Extinguished by Good Will Hose company. No loss.

February 16. Still, 3:15 p. m. Chimney fire in house of J. Monroe, Fayette street. Extinguished by Good Will Hose company and members from Central fire station. No loss.

February 17. Still, 10:35 a. m. Chimney fire in residence of Mrs. Curtis, North State street. No loss.

February 19. Still, 9:30 a. m. Chimney fire in residence of A. C. Sanborn, North State street. No loss.

February 22. Still, 9:30 a. m. Chimney fire in residence of Lewis Downing, Pleasant street. No loss.

February 24. Still, 7:10 p. m. Chimney fire in residence of H. C. Bailey, Washington street. Extinguished by members of Alert Hose company. No damage.

February 27. Still, 11:30 a. m. Chimney fire in house of B. J. Cate, Thorndike street. No loss.

March 2. At 11:40 p. m. Fire in tanks in purifier house of Gas company. No loss claimed.

March 3. Still, 8:40 p. m. Chimney fire in residence of A. Glover, corner Elm and Fayette streets. No loss.

March 15. Still, 10:16 a. m. Chimney fire in residence of Jacob B. Hutchins, Turnpike street. No loss. At 2:15 p. m., same chimney. No loss.

March 26. Still, 10:30 a. m. Chimney fire in residence of Patrick McIntire, Concord street. Extinguished by Good Will Hose company. No damage.

March 30. Box 23, 10:52 a. m. Fire in residence of S. M. Griffin, Washington street. Loss on house, \$114.60; insurance paid, \$114.60; loss on contents, \$15; insurance paid, \$15. Cause, defective chimney.

April 1. At 12:55 p. m. Call 11-11, out of town signal, given for fire at Suncook. Governor Hill steamer and Kearsarge hose loaded, but before a locomotive was furnished the danger was over, and apparatus returned to quarters.

April 1. Still, 11:35 a. m. Chimney fire at the residence of John Couch, 53 Rumford street. No damage.

April 3. Call, 11-11, 11:25 a. m. Brush fire on plains; 50 acres burned over.

April 4. Box 8. Page Belting Company tannery buildings burned. This fire caught in centre of main building, and spread each way; being a shell, it offered no resistance to the fire. The fire was stopped in the building in which it originated, although connected with others. Loss on building, \$25,000; insurance paid, \$15,000; loss on contents, \$17,500; insurance paid, \$16,000.

April 6. Still, 8:30 p. m. Fire in trees on North Spring street, caused by electric wires. No loss.

April 11. Box 24, 10:45 a. m. Out-house, Boston & Maine Railroad. Damage, \$40. No insurance.

April 19. Still, 5:30 p. m. Chimney fire in Foster block. Main street. No loss.

April 21. Still, 9:20 a. m. Chimney fire in residence of Mrs. N. White. No loss.

April 26. Box 26, 2:14 a. m. Fire in tenement owned by Mrs. I. S. Ring on Prince street. Cause, defective chimney. Loss on house, \$418.50; insurance recovered, \$418.50; loss on Mrs. Ring's contents, \$77.25; insurance recovered, \$77.25; loss on W. R. Aiken's contents, \$585.50; insurance recovered, \$400.

April 29. Box 23, 7:24 p. m. Fire in house owned by Mrs. B. C. Sargent, occupied by Joseph H. Ford and W. M. Hanson. Cause, defective chimney. Loss on house, \$722.14; insurance recovered, \$722.14; loss on J. H. Ford's contents, \$175; insurance recovered, \$175; loss on W. M. Hanson's contents, \$100; insurance recovered, none.

April 29. Still, 9:45 a. m. Brush fire, Long Pond road.

April 30. Call, 4-4-4, 5:04 p. m. Brush fire, Long Pond road. Twenty-five cords wood burned. Loss, \$75.

May 2. Call, 4-4-4, 3:47 p. m. Brush fire on North State street, near prison. No loss of property resulted.

May 7. Call, 11-11, 11:50 a. m. Assistance called for from Bradford. Steamer Governor Hill and Kearsarge hose wagon, with details of men, sent, and rendered valuable aid in

stopping the fire and saving the village. Time, from receiving call to time of starting engine at the fire, 1 : 05 minutes.

May 7. Call, 4-4-4, 3 : 26 p. m. Brush fire on Long Pond road. Twenty-five cords of wood burned belonging to R. S. Emery. Loss, \$75.

May 10. Still, 3 : 10 p. m. Chimney fire at house of Charles Smith, Fayette street. No loss.

May 10. Call, 4-4-4. Brush fire on plains.

May 12. Still, 9 : 45 a. m. Bonfire in vacant lot corner of Main and Pleasant streets. No damage.

May 13. Call, 4-4-4, 2 : 40 p. m. Brush fire near barns of G. H. Perkins, Clinton street. No loss.

May 15. Still, 7 : 30 p. m. Chimney fire house corner Beacon and Rumford streets. Needless call. No damage.

May 16. Box 45, 7 : 18 a. m. House of G. H. McAlpine, on Suncook road, two miles from Central station. House was burned, but a large barn close by was saved. The Kearsarge steamer was located at a small pond in the rear of the barns, and a line furnished by Good Will and Kearsarge hose companies was used. The loss on house was, \$1,250 ; insurance recovered, \$800 ; loss on contents, \$450 ; insurance, none.

May 17. Call, 4-4-4, 1 : 55 p. m. Grass fire front of prison. No loss.

May 17. Box 19, 3 : 23 p. m. House of Honor V. Clough, corner Pine and School streets. Roof of main building destroyed. Alarm from Box 27 was sent in at 3 : 26 by a person that did not know that 19 had been pulled. Loss on house, \$630.80 ; insurance recovered, \$630.80 ; loss on contents, \$503 ; insurance recovered, \$503.

May 22. Still, 3 : 40 p. m. Chimney fire in Merchants' block, Main street. No loss.

May 26. Still, 6 : 30 p. m. Chimney fire No. 9 Concord street. Extinguished by Good Will hose company. No loss.

June 1. Still, 2 : 15 p. m. Chimney fire in house of Mrs. Corning, corner Pleasant and Green streets. No loss.

June 3. Call, 11-11, 3 : 56 a. m. Aid called for from Laconia. Steamer Governor Hill and Kearsarge hose, with a detail of men, were sent, but fire was under control when the apparatus reached Laconia. Time from receiving call until train stopped at Laconia depot, 58 minutes.

June 4. Box 24, 8:40 p. m. Fire in out-house in rear of shops Boston & Maine Railroad. Loss, \$25. No insurance. Cause, unknown.

June 9. Box 24, 10:01 p. m. Fire in out-house in rear of shops of Boston & Maine Railroad. No loss. Claimed alarm was needless. Cause, incendiary.

June 11. Box 47, 11:30 a. m. Fire in house of H. A. Kendall, occupied by Mrs. Ash, located on Broadway. Loss on house, \$150; insurance recovered, \$150; loss on contents, \$100; insurance, none. Cause, defective flue.

June 14. Still, 12:20 p. m. Needless; supposed fire in Central block. No loss.

July 7. Box 27, 5:57 a. m. Fire in barn owned and occupied by D. L. Guernsey. Loss on building, \$105.38; insurance recovered, \$105.38; loss on contents, \$279.50; insurance recovered, \$279.50. Cause, unknown.

July 27. Still, 10:15 a. m. Smoke from furnace in Martin & Lusecomb's block. Needless. No loss.

August 2. Still, 8:30 a. m. Chimney fire in house of S. C. Gale, corner Washington and Rumford streets. No loss.

August 20. Still, 10 a. m. Chimney fire in residence of M. C. Casey, 81 South Main street. No damage.

August 28. Still, 2:30 p. m. Chimney fire corner Warren and State streets, in building owned by the Y. M. C. A. No loss.

August 30. Still, 7:50 p. m. Fire in cord-wood, corner White and Beacon streets, owned by J. H. Rowell. No loss claimed. Extinguished by Alert hose company. Cause, incendiary.

September 6. Call, 4-4-4, 7:45 p. m. Brush fire on plains.

September 7. Call, 4-4-4, 9:35 a. m. Brush fire on plains. Detail on duty until 9:45 p. m. Largest brush fire in the history of the city. Several sets of farm buildings were saved by the hardest kind of work.

September 7. Still, 5:20 p. m. Chimney fire No. 18 Turnpike street. No damage.

September 13. Still, 10:35 a. m. Chimney fire No. 15 Hanover street. No damage.

September 15. Still, 2:10 p. m. Chimney fire No. 59 Rumford street. No damage.

September 21. Still, 7:55 p. m. Chimney fire in store of W. S. Baker, Main street. No loss claimed.

October 12. Still, 8:40 a. m. Chimney fire in residence of Fred Bellinger, on Huntington street. No damage.

October 20. Still, 8:47 p. m. Chimney fire in residence of William Howard, Union street. No loss. Second call made at 9:30 for same chimney.

November 3. 11:45 a. m. Chimney fire No. 4 Water street. No damage.

November 6. Box 24, 5:54 a. m. Fire in Caledonia House, on Centre street, owned by George Clough and occupied by Edward Carroll. Loss on building, \$597.50; insurance recovered, \$597.50; loss on contents, \$550; insurance recovered, \$550. Cause, over-heated stove.

November 15. Still, 12 m. Chimney fire in residence of Mrs. Ducey on Concord street. No loss.

November 15. Box 32, 3:28 p. m. Slight fire in house of Honor V. Clough, corner Pine and School streets. Loss on house, \$20; insurance recovered, \$20; loss on contents, \$30; insurance recovered, \$30.

November 21. Box 56, 8:27 a. m. Fire in boys' dormitory, St. Paul's School. No loss claimed. Steamer and hose wagon responded, and reached the school in seventeen minutes from first stroke of bell.

November 27. Box 34, 4:46 p. m. Fire in house of C. A. Bresnahan, Green street. Loss on house, \$19; insurance recovered, \$19; loss on contents, \$4.75; insurance recovered, \$4.75. Cause, boiling over of a pan of fat.

November 30. Still, 10 a. m. Chimney fire in house of Mrs. George L. Reed, on South street. No loss.

December 1. Still, 5 p. m. Chimney fire in house of Mrs. George L. Reed. No loss.

December 4. Box 46, 10:08 p. m. False alarm.

December 11. Still, 5:57 p. m. Chimney fire in house of F. C. Nelson, corner Warren and Merrimack streets. No loss.

SUMMARY.

Losses.	Value of buildings.	Insurance on buildings.	Loss on buildings.	Insurance paid.	Net loss.
Precinct,	\$104,915.00	\$52,350.00	\$20,580.54	\$20,069.54	\$511.00
Penacook,			159.56	159.56	
E. Concord,		1,200.00	300.00	300.00	
Total,	\$104,915.00	\$53,550.00	\$21,040.10	\$20,529.10	\$511.00

Losses.	Value of contents.	Insurance on contents.	Losses on contents.	Insurance paid.	Net. loss.
Precinct,	\$95,827.25	\$43,250.00	\$21,998.13	\$19,669.88	\$2,782.75
Penacook,			174.00	164.00	10.00

Total,	\$95,827.25	\$43,250.00	\$22,472.13	\$19,833.88	\$3,092.75

In conclusion, we extend our thanks to the department for its prompt work, intelligent service, and hearty support in fire duty the past five years, and to the police department for its coöperation with the fire department.

CHARLES A. DAVIS,
Chief Engineer.

December 11, 1894.

SUPPLEMENTARY REPORT OF THE CHIEF ENGINEER.

To the Honorable Mayor and City Council :

I have the honor to submit for your consideration the following report, relating to the affairs and condition of the fire department from December 12, 1894, to December 31, 1894, inclusive :

The precinct department has responded to one box alarm and nine still alarms, as follows :

BOX ALARM.

Box 23. December 20, 8:50 p. m. Slight fire on roof of building on Ferry street, owned and occupied by W. P. Ford & Company as a foundry. Cause, spark from locomotive. No damage.

STILL ALARMS.

December 15, 10:15 a. m. Chimney fire in residence occupied by Mrs. Bridges, corner Elm and Wall streets. No damage.

December 17, 7:32 p. m. Chimney fire in residence on Jackson street, owned by N. E. Martin, and occupied by Emery Drew. No damage.

December 18, 11:55 a. m. Chimney fire in residence owned and occupied by William Clough, corner Warren and Rumford streets. No damage.

December 21, 2 p. m. Chimney fire in building on Warren street, occupied by Charles Welcome and E. T. Morrison. No damage.

December 21, 8:14 p. m. Fire in building owned and occupied by La Blanc & Daley as a granite polishing shop, located back of Blossom Hill cemetery. No water being available, no assistance could be rendered by the department.

	Value.	Loss.	Ins.	Ins. paid.
Building,	\$700.00	\$700.00	\$550.00	\$550.00
Contents,	2,000.00	1,258.00	1,600.00	1,258.00

December 23, 7:02 p. m. Chimney fire in State block, corner of Main and School streets, in rooms occupied by W. J. Chadbourne. No damage.

December 25, 10:30 p. m. Fire in dwelling house on Thompson street, owned by Lee Bros., and occupied by F. A. Bates. Caused by spark from match coming in contact with draperies.

	Value.	Loss.	Ins.	Ins. paid.
Building,	\$3,500.00	\$15.00	\$3,000.00	\$15.00
Contents,	2,000.00	30.00	1,500.00	25.40

December 28, 4:50 p. m. Chimney fire in house on North State street, owned by J. F. Scott, and occupied by Thomas Daley. No damage.

December 31, 5:50 p. m. Chimney fire in building on Bridge street, owned by Samuel Dow, and occupied by G. O. Dickerman. No damage.

PENACOOK.

One still alarm was responded to by members of Pioneer Steam Fire Engine company, viz.: December 23, 5 p. m. Chimney fire in tenement block on Charles street, owned by the Methodist Episcopal society. No damage.

LOSSES.

	Value.	Loss.	Ins.	Ins. paid.	Net loss.
Buildings,	\$4,200.00	\$715.00	\$3,550.00	\$565.00	\$150.00
Contents,	4,000.00	1,288.00	3,100.00	1,283.40	4.60
Total,	<u>\$8,200.00</u>	<u>\$2,003.00</u>	<u>\$6,650.00</u>	<u>\$1,848.40</u>	<u>\$154.60</u>

APPARATUS AND FORCE.

The force of the department is as follows: Precinct, located at the Central fire station, one first-class Amoskeag engine. "Eagle," with Eagle hose company (15 men); two second-class Amoskeag engines, "Kearsarge," with Kearsarge hose company (16 men); "Gov. Hill," relief steamer, in charge of an engi-

neer and fireman belonging to Kearsarge company; the Hook and Ladder company, "City of Concord" (20 men). There are seven horses, owned by the department, kept at this station.

The Alert hose company (13 men), located on Washington street, has a modern hose wagon, and has a horse at the house at all hours, owned by the city.

The Good Will hose company (13 men), located on the corner of Concord and State streets, has a modern hose wagon, and has a horse at the house at all hours, owned by the city.

All the members, excepting steward, assistant steward, and three drivers at the Central fire station, are call men.

The Precinct companies have swing harnesses on all apparatus.

The "Pioneer" steamer, at Penacook (28 men), is a fourth-class Silsby, with second-class Amoskeag reel (4 wheels). The steamer can be drawn by hand or horses, as necessity requires.

The Cataract company (30 men), at West Concord, has a Hunneman 6-inch cylinder hand-engine, and a second-class 4-wheel reel, Amoskeag make, drawn by one horse, and provided with swing harness.

Old Fort, at East Concord (30 men), has a 5-inch cylinder Hunneman hand-engine.

HOSE.

Fabric :

Precinct,	8,000 feet.
Penacook,	2,200 "
West Concord,	250 "
							10,450 feet.

Leather :

West Concord,	650 feet.
East Concord,	450 " good,
							1,100 feet :

and 550 feet of poor, which can be sold for other purposes.

Of the 8,000 feet of hose now on hand in the precinct, 400 feet are out of commission, needing relining, leaving but 7,600 feet in good condition, or 1,400 feet less than the actual amount required to equip the hose wagons three times with full complement.

In view of this fact, I recommend the purchase of 1,000 feet of fabric hose. Also the purchase, in the near future, of a modern ladder truck and longer ladders than are at present owned by the department; the connecting of the Alert and Good Will hose houses with the Central fire station by telephone; the removal of box 14 from the corner of State and Penacook streets to a point near the corner of Bradley and Walker streets; and the purchase of a new box to be located at a point near Fosterville.

The Perfection nozzle-holder is a valuable adjunct to the apparatus of all engine and hose companies, and I would recommend the purchase of at least one for each company in the precinct not already supplied. A solid two-inch stream is of inestimable value at large fires, and I recommend the purchase of one three-way deluge set, to be carried on Central station apparatus, ready for use at all times.

Respectfully submitted:

W. C. GREEN,
Chief Engineer.

REGULATIONS OF CONCORD FIRE DEPARTMENT.

CITY OF CONCORD.

IN THE YEAR OF OUR LORD ONE THOUSAND EIGHT HUNDRED
AND NINETY-FOUR. .

AN ORDINANCE in Amendment of all sections in Chapter 18 of the revised ordinances relating to the Fire Department.

Be it ordained by the City Council of the City of Concord as follows :

SECTION 1. The fire department will consist of a chief engineer, two assistants within the precinct, and one engineer each from Ward 1, Ward 2, and Ward 3. Two steamer and hose companies, to consist of thirteen men, including driver; one relief steamer, to consist of two men; two hose companies to consist of eleven men to include a driver; and a Hook and Ladder Company to consist of sixteen men to include a driver; steamer Pioneer, not less than twenty or more than forty men; hand engine companies, No. 2 and No. 3, not less than twenty nor more than thirty men each. The engineers shall exercise the powers of fire wards, and those within the precinct to constitute the board of engineers.

SEC. 2. The chief engineer and assistant engineers, and all other members of the fire department shall hold their respective offices and places until they are removed, or their offices or places are otherwise vacated. The mayor for cause assigned by him, and after due hearing by him, may with the approval of a majority of the board of aldermen at any time remove from office or place the chief engineer, any assistant engineer, and officer or member of the department. In case of vacancies from any cause in the department, of offices or men connected in any manner with the fire service, such vacancies shall be immediately filled by the appointment and confirmation of the board of mayor and aldermen.

SEC. 3. The chief engineer shall give his entire time to the duties of his office, and shall not engage in or be connected with any other business or occupation, and shall receive the sum of twelve hundred dollars per annum for all services in full.

SEC. 4. The chief engineer shall have the sole command at fires over all persons, whether members of the fire department or not. He shall direct all proper measures for extinguishing fires, protecting property, preserving order and enforcing the laws, ordinances, and regulations respecting fires; and shall examine into the condition of the fire engines and all other fire apparatus, and of the fire engine houses and other houses belonging to the city and used for the department and by the companies thereto attached as often as once a week, and whenever directed so to do by the mayor. He shall certify all bills and submit the same for inspection monthly to the joint standing committee on fire department. He shall report to the city council annually in the month of December a statement of the receipts and expenditures of his department, the condition of the fire engines and all other fire apparatus, a detailed schedule of the property in his charge, the names of the officers and members, and all other facts in relation to the department. Whenever the fire engines or other fire apparatus require repairs he shall cause the same to be made under the direction of the committee on fire department, and as far as practicable shall examine into the location and condition of fire apparatus belonging to the corporations or private individuals within the limits of the city. He shall require permanent men when not otherwise engaged to perform such other duties and do such other work as in his judgment may be deemed proper. He shall keep fair and exact rolls of the respective companies specifying the time of admission and discharge, and the age of each member, and shall report annually or oftener if directed all accidents by fire which may happen within the city, with the cause thereof, the number and description of the buildings destroyed or injured, and the amount of loss and insurance on the same, together with the names of owners or the occupants, and shall make returns as required by the laws of 1889, Chapter 84, and entitled "An Act in Relation to Returns and Statistics of Fires." He shall visit each department house as often as practicable, and inspect the men, the books of the house, and see that the quarters are properly conducted and in good order. He

shall have the power to suspend any officer or member of the department for insubordination, disorderly conduct, or neglect of duty, said suspension to continue pending the action of the mayor and aldermen. The chief engineer shall examine all places where shavings and other combustible materials may be collected or deposited, and cause the same to be removed by the tenants or occupants of such places, or at their expense, whenever in his opinion such removal is necessary for the security of the city against fire.

SEC. 5. In the absence of the chief engineer, the next assistant engineer in rank who may be present shall have the powers and perform the duties of the chief engineer, and the seniority in rank of the engineers shall be determined by the board of engineers at their first meeting.

SEC. 6. The foreman of each engine, hose, and hook and ladder company within one day after every fire at which said company may have attended, shall examine into the condition of the fire apparatus belonging to his respective company, and report any deficiency which may exist to the chief engineer. He shall keep, or cause to be kept by the clerk of his company exact rolls specifying the time of admission, discharge, and age of each member, and accounts of all city property entrusted to the care of the several members, and of all cases of absence and tardiness, in a book provided for that purpose by the city, which rolls of record books are always to be subject to the order of the chief engineer and mayor. They shall also make, or cause to be made, to the chief engineer true and accurate returns of all the members with their ages, and of the apparatus entrusted to their care, whenever called upon so to do.

SEC. 7. The foreman of each company shall, under the direction of the chief engineer, have charge and management of his company at fires; the assistant foreman shall assist the foreman in the discharge of his duties and act as clerk of the company, and in the absence of the foreman assume his authority. The foreman and assistant foreman shall be appointed by the chief engineer.

SEC. 8. The stewards of the Alert and Good Will hose companies will act as drivers of hose carriages, take charge of, and properly care for and exercise, the horses used by each company. They shall be permanently engaged and devote their whole time to

the department, and sleep in their respective hose houses at night, and for the proper execution of all duties required of them, shall be subject to the direction of the chief engineer.

SEC. 9. It shall be the duty of every engine, hose, and hook and ladder company to have its engine, hose, and other apparatus cleaned, washed, oiled, reeled, and housed immediately after its return from any fire or service, and at all times to maintain the same in good condition, and the members of the several companies shall perform any necessary duties which the chief engineer or their respective foremen may direct.

SEC. 10. All members of the department when on duty shall wear some suitable badge to be designated by the board of engineers. The chief and permanent members shall wear at all times when on duty the regulation parade uniform worn by the fire department.

SEC. 11. The pay rolls for the board of engineers, and the several fire companies shall be made up by the chief and clerk of the board of engineers semi-annually, on the first day of January and July. Foremen and clerks of companies will forward their pay rolls to the board of engineers for approval, and after the action of said engineers and the sanction of the mayor and aldermen, said pay rolls shall be passed over to the city collector, under whose sole direction all sums for services of call firemen shall be disbursed.

SEC. 12. No charge for extra services will be allowed any member of the department unless upon an order of a member of the board of engineers.

SEC. 13. No engine, hose, or hook and ladder carriage shall be taken to a fire out of the city without permission from the chief engineer, except steamer Pioneer, which may be taken to any fire in the village of Penacook, nor shall any apparatus of the fire department be taken from the city except in case of fire, without permission from the board of mayor and aldermen; and in sending any apparatus to aid in extinguishing fires in neighboring localities, the chief in all cases will authorize his assistant next in rank available to take charge of the direction of such apparatus, and not allow any firemen at such an emergency to leave the city, except such a number as is actually required to man the apparatus, and no member to leave without permission or direction from the chief engineer.

SEC. 14. It shall be the duty of engineers and firemen whenever there is an alarm of fire in the city, to repair immediately to the place of such fire, wearing a suitable badge, and the engineers to take proper measures that the several engines and other apparatus be arranged and duly worked for the speedy and effectual extinguishment of the fire. The engineers shall inspect and make themselves familiar with all shops, hotels, tenement blocks, and all public buildings, halls, churches, school-houses, and asylums, once in each six months, and study the location of all hydrants and reservoirs in the city, and generally inform themselves in all matters pertaining to their duties as engineers. No engineer shall interfere with or attempt to give orders relative to the location or use of a line of hose, when he has ascertained that another has command of it, unless by consent of the engineer in command of it, or by orders of the officer in command at the fire; and it shall be his duty to inquire if there is an officer in charge.

SEC. 15. For each absence from fire, or neglect of duty, the chief engineer, the assistant engineers and engineers of steamers shall be fined three dollars, and each other member of the department one dollar, provided, however, that any fireman liable as above, may in case of temporary absence or sickness have power of substitution by giving notice, each assistant engineer to the chief, each foreman to an engineer, and each member to the foreman of his company. Absence of more than twenty-four hours shall not be considered temporary, and he should get permission from the chief engineer to allow a substitute with pay from such absentee.

SEC. 16. Any volunteer company using the apparatus of the city at any fire shall be under the control and command of the chief engineer and his assistants, agreeably to the foregoing provisions of this chapter.

SEC. 17. The department shall appear for public parade, drill, and inspection at such times as the chief engineer and committee on fire department shall order, for which expense three hundred dollars can be expended annually. The companies in Wards one, two, and three will attend by invitation and voluntarily. Each company in the department under the direction of the chief engineer or assistants shall take out their respective engines and apparatus for exercise and drill as often as he shall direct, such exercise and drill

to take place in public, not oftener than once a month, and at least once in two months, between the first of April and November.

SEC. 18. The engineers shall have control of all persons appointed to serve in any company of the fire department and power to direct and control the labor of all persons present at any fire. Any engineer may and shall cause any fire deemed by him to be dangerous in any place to be extinguished or removed.

SEC. 19. The engineers may establish such regulations respecting the kindling, guarding, and safe keeping of fires, and for the removal of shavings and other combustibles from any building or place, as they shall think expedient. Such regulations shall be signed by a majority of the engineers. Such regulations shall be approved by the mayor and aldermen, recorded by the city clerk, and copies attested by him posted up in two or more places in the city thirty days, when they shall take effect. Penalties not exceeding twenty dollars for each offence may be prescribed by the engineers for the breach of such regulations, and such regulations shall remain in force until altered or annulled.

SEC. 20. The board of engineers may from time to time make and enforce such regulations for the government of the department as may be deemed proper, and subject to the approval of the board of mayor and aldermen.

SEC. 21. If any member of either of the several companies shall willfully neglect or refuse to discharge his duty or shall be guilty of disorderly conduct or disobedience to any officer or to any engineer, he shall for any such offence be forthwith dismissed from the department by direction of the chief engineer. No person shall be a member of, or serve in, the fire department who is under the age of twenty-one years, and not a citizen of Concord, and a resident therein permanently for at least one year, and no person whose occupation is carried on outside the city shall be appointed a member of the fire department.

SEC. 22. All applicants for membership shall be nominated by the chief engineer and shall receive pay and be considered members of the department from the date of their confirmation by the board of mayor and aldermen. No officer or member of the permanent, or officer of the call, force shall attend any political convention as a delegate, distribute tickets at any election, or take any part whatever in political matters other than to exercise the right

of suffrage, and no political or religious discussion shall be permitted in any of the department houses.

SEC. 23. Any member of the department permanently employed therein who may be disabled while on actual service at fires so as to be unable to perform his duty in the department, shall receive the pay which he would otherwise be entitled to receive from the city during the continuance of such disability, not, however, exceeding three months from the time of injury. "Call" men so injured shall receive fourteen dollars (\$14) per week during such disability, not, however, for a longer period than three months as above named.

SEC. 24. The chief engineer shall have the care and management of the rooms, apparatus, machinery, wires, poles, and signal boxes connected with the fire alarm telegraph. He shall prepare rules and directions for giving alarms of fire through the telegraph. He shall have the superintendence and under the direction of the joint standing committee on fire department, have control of the several stations, the apparatus, the furniture therein, and all other property appertaining to the department.

SEC. 25. Permanent officers and men of the department shall be entitled to vacation without loss of pay not exceeding fourteen days in each year to be granted under the direction of the chief engineer.

SEC. 26. The joint standing committee on fire department subject to the board of mayor and aldermen shall by themselves or agent purchase all supplies in connection with the fire department, and direct all repairs of houses and apparatus; and all bills contracted for the department must receive their approval before being passed on by the committee on accounts and claims. They shall hold stated meetings at least once each month at the Central fire station, and all communications to the city government from the fire department must come through said committee, and in the month of December in each year, in connection with the chief engineer, they shall make such recommendations as to the amount of appropriations the wants of the department will require for the coming year.

SEC. 27. The city marshal and regular police officers shall have in charge all matters relating to the removal and protection of personal property endangered by fire, and any person entering a building or removing property contrary to the orders of the city marshal

or such police officers shall be fined five dollars ; and in the absence of firemen at fires from their respective department houses, the policemen in that vicinity will take charge of said houses.

SEC. 28. The chief engineer must personally examine all hydrants in the city as often as he may deem advisable, and on his request the superintendent of the water-works shall furnish the required help for such purpose ; and any neglect to properly care for the hydrants in winter should be promptly reported to the mayor.

SEC. 29. The annual pay of the members of the fire department shall be as follows, and in full for all services : Chief, twelve hundred dollars per annum ; permanent force at Central fire station, seven hundred and twenty-eight dollars each ; drivers at Good Will and Alert hose houses, six hundred dollars each per annum, paid monthly ; assistant engineers, one hundred dollars each, within the precinct ; engineers of steamers, one hundred and fifteen dollars each ; members of steamer, hose, and hook and ladder companies, within the precinct, eighty dollars per annum ; outside the precinct, engine companies Nos. 2 and 3, two hundred and forty dollars each, and Pioneer steamer company, No. 3, five hundred dollars. Said sums to be divided among the members as each company shall direct. Assistant engineer at Penacook, fifteen dollars ; assistant engineers at East and West Concord, ten dollars each.

SEC. 30. The several engineers residing in wards one, two, and three shall have the entire care and control, under the direction of the chief engineer, of the buildings and appurtenances occupied in part by the fire department situated in said wards, respectively, to whom all application for the use of the halls or any other part of such building shall be made. Said engineers may severally appoint janitors, who shall serve under the exclusive direction of the engineer having the care and control of the buildings where said janitor shall be appointed. Each of said engineers shall annually, in the month of December, render a detailed statement, in writing, to the mayor and aldermen of all receipts and expenditures for the preceding year on account of such buildings.

SEC. 31. Stewards for the Pioneer steamer company and engine companies Nos. 2 and 3, shall be appointed by the mayor and aldermen, and shall receive for all services performed by them in that capacity the following sums : For Pioneer steamer company, thirty

dollars per annum, and, when performing the duties of janitor of the building, an additional sum of forty-five dollars per annum ; and for stewards at engine companies Nos. 2 and 3, each fifteen dollars per annum. No steward shall be allowed to purchase supplies for such building or for the department, unless by the authority and direction of the committee on fire department ; and in no case shall he have any care or control of the building or its appurtenances occupied by the company of which he is a member, except in the immediate service of the company, unless he shall be appointed janitor thereof, when he shall be under the direction of the engineer, as provided in the foregoing section.

SEC. 32. The drivers of hook and ladder truck, one hose wagon, and steamer shall at all times be on duty at the Central fire station to attend at all fire alarm calls, and shall do such other work in connection with the station and apparatus as the chief engineer may direct. All permanent men shall lodge in their respective stations (except chief), and in all cases of absence a substitute must be furnished ; and in all cases when any extra service is required, the chief, with the sanction of the committee on fire department, will have power to hire the same ; the chief may also increase as far as possible the number of call men that wish to lodge at any fire station, subject to the regulations of the fire department. The chief engineer shall be furnished with a horse and wagon, to be maintained by the city, and for his use at all times.

SEC. 33. The commissioner of highways shall furnish the men for the extinguishment of all brush or forest fires, and take charge of such men at those fires, and be under the direction of the chief engineer.

SEC. 34. The chief engineer shall, under the direction of the committee on fire department, keep such other horses and men subject to labor under the commissioner of highways as are not by ordinance detailed for permanent duty at the Central fire station.

SEC. 35. On or after the passage of the foregoing ordinance at any meeting the board of mayor and aldermen can declare vacancies to suit the outlined changes in the department, and make such appointments as will conform to the terms of this ordinance.

SEC. 36. All ordinances and parts of ordinances inconsistent with this ordinance are hereby repealed, but such repeal shall in no wise

revive or put in force any ordinance heretofore repealed, and this ordinance shall take effect after action is taken as contemplated in section 35 of this ordinance.

Passed November 13, 1894.

ADDITIONAL REGULATIONS APPROVED BY BOARD OF MAYOR
AND ALDERMEN, DEC. 29, 1894.

ARTICLE 1. Any engine or hose company running out a line of hose from a hydrant or steamer shall be entitled to the pipe, although the hose of other companies may be attached, in order to reach the fire. And any company coming to a fire, and finding an incomplete line of hose laid out from a hydrant or steamer shall attach to and lengthen out such line, in lieu of laying a line of its own.

ART. 2. When two or more engine companies are playing in a continuous line, the pipe shall belong to the company attaching to hydrant or steamer as provided in the foregoing article; but any company furnishing the entire line, and receiving water from a steamer, the pipe shall belong to such company so receiving.

ART. 3. Hose companies shall attach first lines to high pressure hydrants where accessible; steamers attaching to those of low pressure, or reservoir.

ART. 4. No company shall take possession of a hydrant or reservoir unless their hose and apparatus for attaching to the same are at hand and ready for use.

ART. 5. In proceeding to, working at, or returning from fires, noisy demonstrations are strictly prohibited, and it is required of officers of companies to maintain perfect order and decorum in their respective commands during all such service.

ART. 6. In case of fire the foreman first arriving shall be in command until the arrival of an engineer.

ART. 7. Drivers are strictly enjoined, in proceeding to a fire to use the utmost care and caution consistent with promptness. Racing between companies is forbidden under any circumstances. Any collision or casualty occurring to horses or apparatus will be considered a sufficient cause for the suspension of the driver in charge at the time.

ART. 8. Fire hats are furnished by the city for the protection and identification of firemen, and they must be worn at all fires except in the severest weather, when caps may be worn.

ART. 9. While attending fires it shall be the duty of members of the department, when not performing active service, to concentrate about their respective pieces of apparatus.

ART. 10. All engine and hose companies responding to second or general alarms, will connect, but will not lay their lines until they have reported to the officer in command for orders.

ART. 11. The wearing of badges shall not be regarded by members of the department as conveying to them the privilege of free access to premises after fire has been extinguished.

ART. 12. All members of the department shall address all officers by their respective titles while on duty at fires.

ART. 13. The roll of each company shall be called as soon as the apparatus is housed, and no member will be excused except in case of sickness. Rolls must be called after every alarm. No officer or member will be marked present on the company roll unless present at fires and return to house with apparatus, unless excused by an engineer.

ART. 14. Each company shall be allowed three substitutes, to be approved by the chief engineer.

ART. 15. All orders issued by the chief or an assistant engineer shall be promptly obeyed. At all fires occurring in the night, the chief engineer shall be identified by a red light, assistant engineers by blue lights.

ART. 16. Members of the department are expected to cheerfully comply with all rules and regulations which are adopted or which may be adopted. Foremen will be held responsible for all lack of promptness and efficiency in their commands.

FIRE-ALARM TELEGRAPH.

NUMBER AND LOCATION OF FIRE-ALARM BOXES.

For the purpose of uniformity in numbering the fire-alarm boxes, the city is divided into five districts, viz.:

DISTRICT 1. Embraces that section of the city north and west of Washington street, box 17 of this division being located on the *south* side of the street.

DISTRICT 2. Embraces all between School and Washington streets.

DISTRICT 3. Embraces all between Pleasant and School streets.

DISTRICTS 4 and 5. Embrace all south of Pleasant street.

The first figure of the box number will indicate the district.

DISTRICT No. 1.

- 13. Franklin and Rumford.
- 14. State and Penacook.
- 15. Main and Church.
- 16. Franklin and Jackson.
- 17. Alert Hose House.
- 18. Greeley & Todd's store.
- 19. Centre and Auburn.

DISTRICT No. 2.

- 23. Main and Chapel.
- 24. Main and Centre.
- 25. Main and School.
- 26. Centre and Union.
- 27. School and Merrimack.

DISTRICT No. 3.

- 32. Warren and Pine.
- 34. Central Fire Station.
- 35. Main and Pleasant.
- 36. Pleasant and Spring.
- 37. Junction Pleasant and Washington.

DISTRICT No. 4.

- 41. South and Thompson.
- 42. Good Will Hose House.
- 43. Main and Fayette.
- 45. L. B. Hoit's store.
- 46. Perley and Grove.
- 47. South, opposite Downing.
- 48. Thorndike and South.
- 49. West and Mills.

DISTRICT No. 5.

- 52. Turnpike and Allison.
- 56. S. Paul's School.

PRIVATE BOXES.

5. Concord and Northern Railroads—north end Passenger Depot.
6. The Abbot-Downing Company.
7. New Hampshire Asylum for the Insane.
8. Page Belting Company.
33. State-house.

Names of key-holders will be found on the boxes.

FIRE-ALARM SIGNALS.

1. Alarms rung in from boxes 41, 42, 43, 45, 46, 47, 48, 49, 52, and 56, will *not* be responded to by the Alert Hose until signalled. The signal to proceed to the fire will be a second alarm, except 56.

2. Alarms rung in from boxes 13, 14, 15, 16, 17, 18, 23, 26, and 56, will *not* be responded to by Good Will Hose until signalled. They will be governed by the same signals as the Alert Hose. The Alert Hose and Good Will Hose companies will hitch up and remain in readiness twenty minutes after the first alarm, to all boxes not responded to on first alarm. Then, receiving no signal (all out, or second alarm), the officers in charge shall dismiss their companies.

3. Eagle steamer will respond, on first alarm, to boxes Nos. 5, 6, 7, 8, 23, 24, 25, 33, 34, 35, 42, 43, 45. All other boxes third alarm, except 56.

4. Governor Hill steamer will respond, on first alarm, to boxes Nos. 13, 14, 15, 16, 17, 18, 19, 26, 27, 32, 36, 37, 41, 46, 47, 48, 49, 52. Second alarm, 5, 6, 7, 8, 23, 24, 25, 34, 35. All other boxes on third alarm.

5. *Two rounds of each eleven strokes* of the bells, with an intermission of one minute between the rounds, without any regular box alarm, will signalize the requirement of a steamer from outside the Precinct, and will be responded to by Kearsarge and Eagle Hose companies alone. In case further aid is necessary, the box-alarm 34 (Central Station) will follow.

From the above, it will be seen that the companies are subject to calls as follows:

Steamer Kearsarge and Hose—To all calls.

Eagle Hose—To all calls.

Eagle Steamer—To boxes as designated in paragraph 3.

Governor Hill Steamer—To boxes designated in paragraph 4.

Hook and Ladder—To box alarms only.

Alert Hose—To box alarms only above Pleasant street, all private boxes, and upon second alarm to boxes below.

Good Will Hose—To box alarms only below Centre street, all private boxes, and upon second alarm to boxes above.

6. All-out signal, three strokes of the bells. This signal will be given by the engineer in charge when the last piece of apparatus has been ordered home, after any alarm.

BRUSH FIRE SIGNAL.

Three rounds of four strokes each will be sounded on the bells, but will not be responded to by firemen.

TESTING SIGNALS.

For the purpose of testing the condition and accuracy of the fire-alarm telegraph, a box alarm will be rung in every Monday afternoon at 4:30 o'clock *precisely*. It will be *one single round only*, indicating by the strokes on the bells the number of the box; and the box will then be cut out, and no additional round sounded. The boxes used for this purpose will vary each week, alternating in the circuits.

Upon each other week-day a single blow upon the bell will be struck from the button of a box, alternating as before mentioned.

SCHOOL SIGNALS FOR CLOSING.

Two strokes of the bells given three times, with a pause of fifteen seconds between the rounds.

The signal to close for the forenoon session will be given at 8 o'clock.

The signal to close for the afternoon session will be given at 1:15 o'clock.

The signal to close all schools for one session will be given at 11:30 a. m.

THE FIRE-ALARM TELEGRAPH

Is the "Gamewell" patent. It embraces twenty-eight miles of wire on the main lines, and seven miles of extension wire for call-bells.

On the main line are twenty-seven fire-alarm boxes belonging to the city, and five private boxes,—in all, thirty-two. There are three alarm bells,—one of 3,724 pounds (bell-metal), one of 3,740 pounds (bell-metal), and one of 2,000 pounds (American steel.) There are also sixteen mechanical tappers, one four-circuit repeater, and four indicators.

On the extension line are twenty-three call-bells.

The battery consists of 132 cups for the main line, and 35 cups for other electrical purposes.

The alarm was put in, in 1880, by Edwin Rogers, 657 Washington street, Boston, Mass.

FIRE HYDRANTS.

See Water Commissioners' report, pages 155-158.

APPARATUS AND FORCE AS REORGANIZED.

The force of the department is as follows: Precinct, located at the Central fire station, one first-class Amoskeag engine, "Eagle," with Eagle Hose Company (13 men); two second-class Amoskeag engines, "Kearsarge," with Kearsarge Hose Company (13 men); "Gov. Hill," relief steamer, in charge of an engineer and fireman belonging to Kearsarge Company; the Hook and Ladder Company, "City of Concord" (16 men). There are seven horses owned by the department, kept at this station.

The Alert Hose Company (11 men), located on Washington street, has a modern hose wagon with permanent man and horse.

The Good Will Hose Company (11 men), located on the corner of Concord and South State streets, has a modern hose wagon with permanent man and horse.

The Precinct companies have swing harnesses on all apparatus.

The "Pioneer" steamer, at Penacook (28 men), is a fourth-class Silsby, with second-class Amoskeag reel (4 wheels). The steamer can be drawn by hand or horses, as necessity requires.

The Cataract Company (30 men), at West Concord, has a Hunneman 6-inch cylinder hand-engine, and a second-class 4-wheel reel, Amoskeag make, drawn by one horse, and provided with swing harness.

Old Fort, at East Concord (30 men), has a 5-inch cylinder Hunneman hand-engine.

ROLL OF THE FIRE DEPARTMENT.

The following is a correct schedule of the property of the city in charge of the companies:

KEARSARGE COMPANY.

8 ladder straps.	25 feet $\frac{1}{2}$ inch rubber hose.
8 spanners.	1 fire poker.
5 lanterns.	6 wrenches, monkey, fork, etc.
13 fire hats.	2 hydrant wrenches.
2 nozzles.	1 hammer.
2 steel bars.	1 screw driver.
2 axes.	1 set lead bars
1 hand chemical.	2 hydrant gates.
2 lead ropes.	1 oil can.
3 blankets.	2 lashes.
1 shovel.	2 bone whips.
1 draw-rope.	

EAGLE STEAMER COMPANY.

12 fire hats.	1 shovel.
2 iron bars.	1 poker.
2 axes.	1 drag-rope.
1 hand chemical.	1 Siamese connection.
2 play pipes.	25 feet of 2-ply rubber hose.
6 lanterns.	11 wrenches, monkey, fork, etc.
2 hydrant gates.	1 screw driver.
6 spanners.	1 hammer.
6 ladder straps.	1 pair plyers.
2 hydrant wrenches.	1 oil can.
2 lead ropes.	1 blanket.
1 bone whip.	5 play pipe tips.
1 four horse whip.	

GOVERNOR HILL STEAMER.

1 oil can.	1 whip.
25 feet $\frac{1}{2}$ inch rubber hose.	13 wrenches, monkey, fork, etc.
1 steel bar.	2 lanterns.
1 axe.	1 hammer.
1 shovel.	1 screw driver.
1 poker.	5 spanners.
1 Siamese connection.	1 drag-rope.

HOOK AND LADDER COMPANY.

1 extension ladder, "Bangor," 65 feet.	1 ladder, 15 feet.
1 extension ladder, "Bangor," 55 feet.	2 roof ladders, 20 feet,
1 extension ladder, "Somerville," 55 feet.	1 ladder, 16 feet.
1 extension ladder, "Somerville," 55 feet.	1 extension ladder, 16 feet
2 extension ladders, "Boston," 50 feet.	1 large hook and rope.
2 extension ladders, "Boston," 45 feet.	7 guy poles.
1 roof ladder, 30 feet.	5 axes.
1 ladder, 30 feet.	5 hay forks.
1 ladder, 20 feet.	6 shovels.
1 ladder, 18 feet.	5 scoops.
	3 lanterns.
	16 fire hats.

HOOK AND LADDER COMPANY.—Continued.

4 coving hooks,	2 hammers.
2 blankets.	1 Eastern Electric wire cutter.
2 iron bars.	2 whips.
2 hand chemicals.	1 set lead bars.
4 engineer's lanterns.	1 rope for closing streets, etc., in case
4 engineer's hats.	of fire.

CENTRAL FIRE STATION PROPERTY.

1 clock.	3 sets double harnesses.
27 pictures.	1 set 3-horse reins.
2 sliding poles.	3 stable pails.
70 chairs.	3 stable shovels.
11 radiators.	5 stable blankets.
3 writing desks.	4 street blankets.
3 tables.	2 single harnesses.
6,240 feet tower rope.	5 hay forks.
1 mirror.	50 feet $\frac{1}{2}$ inch fabric hose.
1 marble slab.	1 copper tank.
7 beds, with bedding.	1 vise.
7 light stands.	1 step ladder.
4 wardrobes.	1 stove.
2 bureaus, with mirrors.	7 stable cans.
7 mats.	1 carpet in chief's office.
1 portierre.	

BASEMENT.

1 vise.	1 3-gallon can.
1 forge.	2 second class play pipes.
1 anvil and tools.	1 water pail.
1 coupling setter and thread cutter.	33 steel shovels.
1 cook stove.	36 spoons.
1 steam boiler.	60 salt and pepper shakes.
3 ash cans.	1 tub.
3 cot beds.	1 wash boiler.
1 wheelbarrow.	7 ladles.
50 feet $\frac{1}{2}$ inch rubber hose.	2 1-quart dippers.
2 jack-screws.	15 dish cloths.
2 1-gallon cans.	

SHOP.

1 foot lathe with tools.	1 hand shave.
1 waste can.	1 hand saw.
1 grind-stone.	1 smoothing plane.
1 medium vise.	1 chisel.
1 small vise.	1 one-hand cross-cut saw.
30 feet $1\frac{1}{8}$ rope.	4 bits.
20 feet $1\frac{1}{4}$ rope.	1 extension bit.

GOOD WILL HOSE COMPANY.

1 bed with bedding.	1 running board.
1 toilet set.	21 chairs.

REPORT OF THE BOARD OF EDUCATION OF UNION SCHOOL DISTRICT.

1894-1895.

The past year, completing the thirty-fifth since the present form of organization for the management of the schools of the district was established, has been eventful mainly in the further enlargement of the district, by the addition of the central portion of East Concord, formerly known as District No. 12. This union with the latter was effected by the concurrent action of the legal voters of both districts, at meetings held for that purpose in May, 1894.

At a meeting of Union District held May 26, it was unanimously voted "That School District No. 12, in Concord, be united with this district, upon the terms set forth in the following proposed agreement:

"Union School District and District Number 12, both in the city of Concord, by virtue of the authority contained in the act of the legislature passed April 1, 1893, entitled 'An act to authorize School Districts Nos. 12 and 20, and the Town District in Concord, to unite with Union School District in Concord,' mutually agree with each other as follows:

1. That School District No. 12 shall be united with and become a part of Union School District from and including the first day of July, 1894, and the latter district shall on that day become seized and possessed of the school-house and lot, the school money and all other school property of every kind then belonging to the former district; and this instrument shall be evidence of the transfer and delivery of all the same.

2. That Union School District as thus enlarged, assumes, and will pay as its own, all indebtedness outstanding on said first day of July, against both districts; and the taxable polls and estates located in that part of it which now forms School District No. 12

shall be subject to taxation for the payment of said indebtedness and interest thereon, the same as the taxable polls and estates located in that part of the district which forms Union School District.

3. That this agreement, after record, as required by law, shall be filed with the clerk of Union School District.

In witness whereof the said districts have caused their corporate names to be hereto affixed by their respective agents thereto duly authorized this day of 1894."

The agreement was executed in accordance with this vote, and has been duly recorded and filed.

The added territory contains a substantial two-story brick building, the first story of which has two comfortable and commodious school rooms now occupied, with a story above as yet unfinished, and embraces a school population of a little less than a hundred pupils, which are, by this union, brought in harmony with our system of graded schools. This board assumed control at the beginning of the present school year.

NEW BUILDING.

The new school building in process of construction on Broadway, designed for primary grades, has been covered in, and will be plastered as soon as the weather will permit, and finished during the summer months, and made ready for occupancy with the beginning of the next school year in September. It is intended to be in every way, particularly as regards heating and ventilation, and the admission of light, a model of its kind. Although every room in the district is now occupied none are crowded, and no additional buildings are likely to be needed for the present, and it is hoped that none will be asked for until the present debt of the district is extinguished or greatly diminished.

THE DISTRICT DEBT.

The debt of the district was reduced the past year by the payment of bonds maturing in July, to the amount of \$5,000, and now aggregates \$106,000, all bonds bearing interest at the rate of four per cent. and maturing as follows :

\$7,000	payable	July 1,	1895.
9,000	"	"	1896.
15,000	"	"	1897.
15,000	"	"	1898.
15,000	"	"	1899.
15,000	"	"	1900.
15,000	"	"	1901.
15,000	"	"	1902.
<hr/>			
\$106,000			

If paid as the bonds become due, and no further indebtedness be incurred, the district will be again out of debt in seven years.

HEATING AND VENTILATION.

New and improved heating and ventilating apparatus has been put into the Penacook school, and if the acme of perfection has not been reached, a very substantial improvement has been made. The sanitary condition of the other buildings has also been improved, and while some of the older and smaller buildings are not quite what they should be, none of them are absolutely bad, or in a condition at all dangerous to health; as the comfort of the body is an indispensable condition for the improvement of the mind, other needed improvements will be made from time to time as the funds available will permit.

CONDITION OF THE SCHOOLS.

The schools have had a generally prosperous year, and but for the prevalence of colds and influenza the past two months, and the closing of the Franklin school the last weeks of the winter term, in consequence of the feared exposure of several pupils to diphtheria, the progress of the work would have been fully up to the average of former years. The pupils have been benefited by vocal and physical training, military drill, and other auxiliaries. The discipline has been good and secured more by appeals to the good sense and dignity of the scholars than by the enforcement of arbitrary rules and threatened punishment for their violation, as in the olden time.

Our teachers seem to fully understand that character more than all things else is the ultimate object of education.

THE HIGH SCHOOL.

The work of the principal of the high school and his able and painstaking corps of assistants, has given our city general recognition as possessing very superior public school advantages; all have been thoroughly alive to the best interests of the school and have labored with commendable zeal for broad, systematic, and thorough training.

Enthusiasm in the teacher begets enthusiasm in the pupil. Mr. Kent has mental endowments of a high order, and exercises in the general management of his school a common sense and tact that are refreshing. The facilities for the work in this department were never more helpful and complete, and our energies should never be relaxed to keep our high school the first in the state in its appointments and advantages. Concord must always continue to be not only the political and social, but also the educational, centre of the state.

Of the higher grammar schools only words of unstinted praise can be spoken.

INDUSTRIAL EDUCATION.

The capacity of the room in the Spring street building devoted to manual training, or industrial education, for boys has been nearly doubled by the removal of a partition and other modifications, and a much larger number of pupils are now given instruction in this branch of school work. As but a small percentage of those who pass through the grammar grades, or enter the high school, intend to fit themselves for professional life, the knowledge gained in a school of this kind will be of great practical benefit, and afford them substantial aid in the choice of a vocation.

The sewing school for girls established four years ago has constantly grown in favor, and its great value and usefulness have been demonstrated to the satisfaction of the most skeptical. The most thorough instruction and ample practice are given in plain and fancy sewing, mending and darning, and other branches of needlework. All are made familiar with the work of the needle, and some instruction is given in the use of the sewing-machine. The girls quickly become interested and learn to love labor rather than idle-

ness, and not only acquire the knowledge of an art which will enable them to support themselves, but become qualified to well and easily perform an important duty in every woman's life. We regard this branch as by far the most valuable one of manual training.

The cooking-school has fairly comfortable accommodations in the basement of the high school building and is doing a good work.

IN GENERAL.

As the real value of a liberal education must lie in its application, as an equipment for the practical affairs of life, pupils must be taught to think rapidly, reason clearly, and decide wisely the many social, political, and economic questions, so constantly demanding consideration, and upon the correct solution of which so much depends. Broad foundations must be carefully laid for intelligent and patriotic citizenship and successful business life. The future welfare of posterity, it goes without saying, must depend upon the character of the rising generation. Continued prosperity, progress, and development in the country, must depend in a large measure upon a wise management of the public school system, hence pupils should be fully prepared to discharge all the varied duties of citizenship with credit to themselves and honor to their country. Morals and manners are particularly important. The problem of a livelihood which sooner or later confronts everybody must not be overlooked. The demand is a growing one for an educational preparation that shall aid our boys to become practical business men or, better still, skilful workmen, that they may in brief be better equipped to successfully fight the battle of life than the generation preceding them.

The materials for education are so abundant, the field so large and constantly expanding, the number of subjects already entering into courses of instruction so great, and others proposed so varied, that elimination and condensation become imperative, and how best to utilize the time in the comparatively few years devoted to education, and avoid the danger of affording but a shallow knowledge of many studies or the crowding and over working of pupils, is really the question of the hour. Superintendent Rundlett has added another year to his pleasantly lengthening record of energetic, faithful, and painstaking supervision of the schools of the district, and justly merits, and fully shares, the approbation of the board.

In compliance with a petition of ten legal voters of the district, presented to the board in January, for the making and posting of a checklist to be used at the annual meeting, the board, as required by law, have caused the same to be prepared and printed at the expense of \$205.05. The printed list contains 7,971 names and others to be written in will make a total of fully eight thousand.

The board, fully conscious of the high trust committed to their hands, have constantly endeavored to provide, and maintain the best possible schools at the minimum cost; and to require that all expenditures be made with the strictest regard to economy consistent with efficiency.

PRIZE SPEAKING.

Received :

Unexpended balance of last year	\$812.12	
Interest on same to January 1, 1895,	27.37	
Sale of 815 tickets at 35 cents,	285.25	
	<hr/>	\$1,124.82

Paid :

Use of Phenix hall,	\$25.00	
Prizes including books,	57.75	
1,000 programmes,	5.75	
Printing tickets, I. C. Evans,	2.50	
Expenses of judges,	7.25	
Selling and furnishing tickets, F. P. Mace,	6.00	
Piano, moving and furnishing, Prescott Piano Co., . .	8.00	
Miscellaneous expense,	2.70	
Cash on hand as a guaranty fund for future con-		
tests	1,009.87	
	<hr/>	\$1,124.82

Respectfully submitted :

Mixed schools,	36	39
Total,	<u>1,917</u>	<u>2,077</u>

NEW TEACHERS.

Mary A. Jones, West Concord Primary.
 Martha E. Rolfe, West Concord Second Grammar.
 Luella M. Marden, West Concord Second Primary.
 Emily M. Robinson, Tahanto Second Primary.

Saidie E. Meacham, Kimball Third Primary.
 Fannie S. Palmer, Franklin Third Primary.
 Mary E. Whitten, High School.
 Nellie S. Lewis, High School.
 Florence Blenus, Plains School.
 Edna M. Kennedy, East Concord School.
 Lois M. Magoon, Kimball Fourth Grammar.
 Carrie E. Goodwin, West Concord Second Grammar.

SUBSTITUTES.

Fannie S. Palmer.	Martha E. Rolfe.
Luella M. Marden.	Lois M. Magoon.
Annette Prescott.	E. Gertrude Dickerman.
Belle E. Shepard.	Lottie M. Pearsons.
Lenora B. Caldwell.	Mabelle A. Boutelle.
Lida W. Sanderson.	John M. Gallagher.

RESIGNATIONS.

Fannie A. Dunn, Kimball Fourth Grammar.
 Jennie S. Smith, Kimball Third Primary.
 Emma A. Jones, Walker Third Primary.
 Maude S. Ambler, Tahanto First Primary.
 Carrie E. Goodwin, West Concord Second Grammar.
 Mabelle A. Phelps, High School.

LEAVE OF ABSENCE.

Kate E. Wilson.

TEACHERS.

Number of teachers.	
Male (including special teachers),	4
Female (including special teachers),	57
	<hr/>
	61
Average number of pupils to a teacher.	
High school,	31
Grammar schools,	39
Primary schools,	45
Mixed schools,	39

ATTENDANCE.

The attendance for the past year has been broken by much illness. Although the per cent. of attendance remains the same, it would have been much larger but for the cause mentioned. The whole number of pupils has been increased by one hundred twenty-seven. Deducting the attendance of the East Concord schools there remains the true increase of forty-four. The average monthly enrollment shows a true increase of eighty-eight, and the average daily attendance an increase of ninety-four. The number of tardinesses has decreased four hundred seventy-eight, the banner schools being West Concord First Grammar and the Walker First Primary, with one and six marks respectively. Those pupils deserving special mention for perfect attendance are as follows, the figures indicating the number of years they have not been absent or tardy :

Robert J. Graves (2),	Peter Isabelle (2),
Idella Cheney (2),	Mary E. Shannon (2),
Henry H. Prescott (2),	Thomas F. Donovan (2),
Albert Rochelle (2),	Fannie M. Bodwell (4),
George W. Yeaton (2),	Frank H. Godfrey (2),
Alice Clark (2),	Alice G. Henneberry (3),
Herbert M. Worcester (2),	Susie M. Livingstone (2),
Alice Coulter (2),	Ambrose Isabelle (2),
Amelia Comolli (2),	Frances F. Hart (2),
Leon H. Burns (8).	

TABLE OF ATTENDANCE.

SCHOOLS.	Whole number of different pupils, less promotions and transfers.			Whole number of different pupils, exclusive of those attending any other school during the year.			Average monthly enrol- ment.	Average daily attendance.	Per ct. of daily attend'ce.	Number of pupils under 6 years of age.	Number of pupils over 16 years of age.	No. of pupils between 6 and 16 years of age.	Number of visits by super- intendent.	Number of visits by com- mittee.	Number of visits by citi- zens, parents, and others.	Cases of tardiness.	Average No. of tardines- ses to each pupil.
	Boys.	Girls.	Total.	Boys.	Girls.	Total.

BUILDINGS.

The condition of the school-houses has been improved by such repairs as their usage generally requires, and such important subjects as heating and ventilation have received attention, especially in the Penacook and Bow Brook buildings. The Bow Brook school-house has been fitted up with a jacketed stove and an efficient ventilating apparatus. One of the best improvements that have been made is the arrangement by which the entries of the Penacook building are heated, thus affording the pupils an excellent opportunity for drying wet garments on rainy days. A new building on the Fair Ground lot will insure the removal of the old one, the only really shabby building in the district. Some of the minor repairs have been the repainting of the Plains building, repairing of the East Concord building, and the furnishing of the Penacook building with a new heating apparatus. The West Concord school-house needs a new furnace and a new roof.

HIGH SCHOOL.

Our High School has maintained its reputation for thorough work. The corps of teachers is able and energetic. Mathematics has been the weakness of the school work heretofore, but it is now in charge of competent instructors, as the noticeable improvement shows.

One of the pressing needs is more thorough instruction in English composition. There is demand for a new teacher who can give her whole time to this subject. To show that there is work enough for one teacher, I can say that besides class instruction the requirements would call for the correcting of at least two hundred compositions a week.

In the lower schools we have lessons on morals and manners each week. Why should not the pupils in the High school have the benefit of a lesson in ethics as often as the other schools? One lesson a week would accomplish a great deal of good.

Something that has come to be a growing evil in this school is the "special student" or the one who obtains a physician's certificate to the effect that he is unable to take all of the studies prescribed on account of ill health. While many of these are doubtless necessary, very many are merely expedients without strict reference to the state of the health. The annual course of lectures was successful as usual.

A new book, "Physics by Experiment" (Shaw), was introduced at the beginning of the fall term. The physical laboratory was furnished with the necessary apparatus, and the room fitted up with gas fixtures sufficient to supply ordinary classes with ample facilities for each pupil to perform experiments by himself.

Class four does not do this work creditably. I think I would advise putting physics back into the second year, while the present arrangement of courses remains.

During the last part of the winter term Mrs. Wilson was obliged to retire temporarily on account of illness and her place was filled very acceptably by Mr. J. M. Gallagher of Worcester, Mass.

As a whole, the year's work has been satisfactory and the management of the school has caused but little friction.

GRAMMAR AND PRIMARY SCHOOLS.

The grammar courses are essentially the same as last year. Much elementary experimental work in physics has been done with great profit to the pupils.

Frye's Primary Geography was introduced into the fifth and sixth grades, it taking the place of Warren's Primary. In consequence of this change a renewed interest has been manifested by the pupils which must result in their better education.

More time could be given to technical grammar in the ninth grade but the literary study in this grade is comprehensive and thorough and it is doubtful if curtailing this for technical grammar is advisable.

My opinion is that the High school should devote time to a thorough review of technical grammar with those pupils who are to take the dead languages.

The work in algebra was extended through fractions and the time for the accomplishment of it increased to twenty-eight weeks. I would advise the introduction of a reader into the seventh grade for the first half of the year.

For ten years we have used the present history text-book at a disadvantage. A few each of the other publications have been allowed in the schools. I would advise the making of a list of histories by the Board and that this list be adopted as one from which selection can be made as the teachers may desire. Under the present plan of teaching this subject, the topical method, it is advisable to have

at hand the works of different authors so that a careful comparison of the facts may be easily made, consequently I would advise, as before stated, the use of the most reliable publications in our schools. The primary instruction has suffered no decline and I may safely say that it is of a progressive nature.

DISCIPLINE.

The *study* of psychology will not discipline a school, but psychology will. A teacher is whole-souled, perceptive, and blessed with sound common sense. Her school runs like clock-work; the children are bright, enthusiastic. She has no occasion to punish pupils because she has the innate principles of psychology. A calls it *tact*, B calls her a *born teacher*, C calls her *one possessed of "horse sense,"* the pedagogist calls her a *natural psychologist*. Whatever she may be called, let us have more of them and we will have better schools, with less whipping and less friction. Fortune, however, sends us but few such, leaving us to do our part with less desirable material. Consequently, troublesome cases of discipline annually arise and demand correction. These cases have been few this year. Occasionally, a boy has been of more importance than his position would warrant,—more important than his parent, his teacher, or the school officials,—and has needed summary correction. Uncontrollable temper has caused some cases of corporal punishment, as the appended list will show, but generally the discipline has been good. The High, Penacook, East Concord, Fair Ground, and Walker schools have a record to be proud of. Some of the cases are due to substitutes, and really cannot be counted in the school record. The time has passed when teachers should be kept who have a long list of cases of corporal punishment as a result of their year's work.

TEACHERS.

The corps of teachers has suffered but little by changes, consequently the former standard of school work has been improved. A teacher must not only be alive to the necessity of keeping abreast of the times in actual school work, but he must lend a willing ear to the universal demand for intelligent study of pedagogical subjects. The teacher of the present and the future will be obliged to pay particular attention to the study of the child as an individual receptive being. He must discriminate more than ever between the education of a class and the education of the individual. He must study the child psychologically, interesting himself in discovering the strong and the weak points, and let this discovery regulate his treatment of the special case. Much of such study will not bear direct application, and it is not expected that the teacher will become a psychologist in a professional sense; but he who educates himself by reading standard pedagogical literature, will develop a tendency to think seriously about teaching, will come to regard it as a distinct science, and his work will carry a deeper influence and leave a more lasting impression upon his pupils because of it. Such study will eventually relegate the mere routine instructor to the rear rank of the profession.

With this idea of self-culture in view, nearly all of our teachers have availed themselves of the opportunity offered them by the International Reading Circle to form reading clubs. If conscientious work is done, their intellectual status will be improved, and a more decided educating influence will be exerted upon our children. The efforts of the teachers call for words of commendation on account of their strict attention to work, and their forbearance when annoyed by troublesome cases of discipline.

TRAINING SCHOOL.

In June, 1894, the first regular class was graduated from the training school. It consisted of six young ladies who had given one year's hard work in study and practice to accomplish the prescribed course successfully. They were required to pass examinations in their studies, and I may truthfully say that the work was satisfactory. Each was given a certificate of graduation, and the fall term found them all earnestly at work in regular positions. While graduation from a training school is not a sure passport to success, or a high per cent. in the studies prescribed necessarily indicative of a successful teacher, yet they are indicative of a sound knowledge and a limited experience. This fact lifts one above the plane of the untried teacher—a mere experiment. Experimenting with teachers of no experience is costly, and should not be tried unless absolutely necessary. The working arrangement of the school is essentially the same as that of last year, consequently the progress of the children has been more marked. The school has been conscientiously and efficiently managed, and its present standard is high.

MANUAL TRAINING.

An appreciative public applauds the work of our schools of manual training. The results are positive and beneficial. Concord enjoys the distinction of being the pioneer city of the state in introducing this work into her school system. The class of work done is superior and a very great credit to the instructors and the pupils.

Drawing.

The results of one year's work in drawing show some improvement in the work as at present systematized. I do not clearly see the advantage of so dry a system as the one now in use. Scarcely a single enthusiastic element can I find in it. If a reading book is not so made as to arouse a certain degree of enthusiasm in the child the teacher seeks another. If a piece of music is dry and uninteresting the instructor passes it by and selects one that the pupils enjoy. If a history or a geography be written in a dry manner it will not sell, because the children will not study it carefully. I do not say that the present system is wholly wrong, or that it is

not founded upon artistic principles, but there should be a course of illustrative drawing to accompany it that would cause the word "drawing" to bring forth something besides sighs from the children, and lack of interest from the teacher.

Miss Harding is now employed four days instead of five, as last year. It was decided that as satisfactory results could be obtained with such a reduction of time, and the work thus far justifies the conclusion.

The samples of studio work submitted to the Board for inspection last June received much favorable comment. Miss Harding has been earnest and faithful in her work, and is entitled to much praise.

Owing to a large increase in the number of scholars who desired to attend this school it was found necessary to enlarge the room, by removing the partition and putting in seven additional benches.

It is very gratifying to note that a very large majority of the boys who come are thoroughly interested in the work and are mak-

ing commendable progress. I believe the deportment of the school as a whole is an improvement over that of last year, and the course of instruction is the same, with the exception of being extended by the addition of seven new working designs. The record of attendance from the High school seems to be the only blot on the year's record. Out of the whole number enrolled from this school (19), ten have dropped out. I would again recommend that there be some scheme adopted by which a better attendance could be had from the aggregate enrollment. The work of the instructor has been beyond criticism.

The usual amount of work has been done in this school and its continued excellence speaks volumes for the management. If money is ever fully earned it is earned in this school. Another teacher will be required if this work is to be put into East Concord schools.

The exhibition last June elicited much warm commendation from those who visited it.

Much increased interest has been shown in the work of the cooking school the present year. As a result of seventeen lessons, three hundred ninety-two experiments have been tried at home, in most cases with excellent results. This interest is largely due to the admission this year of pupils from the 8th and 9th grammar grades as well as from the High school. There seems to be but little public interest in this work as shown by the fact that but five visitors are reported during the year. The course is the same as last year. Electricity has been introduced lately to the satisfaction of the teacher.

IN GENERAL.

On careful consideration of the working of the graded system one cannot fail to discover its weakness. This fault is causing school authorities to discuss the question of legislating for the bright pupil as against being obliged to wait for the dull and the indolent.

The inelasticity and repressive tendency of the graded system, the fault above mentioned, ought to be remedied in some way. The most feasible scheme that has been presented is that of parallel courses from the lower grammar grades to the highest grade of high school work. Such a plan would call for an increase in the teaching force. It is worthy of the careful consideration of the Board.

The East Concord District, heretofore known as District No. 12,

became a part of Union District early in the summer. At the beginning of the fall term seventy-eight pupils were enrolled in these schools. The grammar department consisting of grades 5, 6, 7, 9 was in charge of Miss L. J. Talpey and the primary department consisting of grades 1, 2, 3, 4 in charge of Miss Edna M. Kennedy. These schools have done excellent work considering the number of grades in each room. The teachers and pupils evince a willingness to do hard work and the discipline has been satisfactory.

The holidays have been observed as usual. Memorial Day exercises were held in all the schools and the usual offering of flowers by the pupils was cheerfully made. Exercises appropriate to Christmas and Washington's birthday were carried out successfully.

The school sessions for the spring term were changed as follows: Forenoon sessions from 8:45 to 11:45; afternoon sessions from 1:45 to 4:30. This change was occasioned by lengthening the spring vacation one week and shortening the term to eleven weeks.

Much trouble is occasioned each year by the exclusion of children from school on account of affliction with or exposure to contagious diseases. Some schedule should be arranged by the board of health which should name the diseases for which exclusion from school must be made and the conditions regulating such exclusions. This would be welcomed by physicians, parents, and teachers.

An unusually large number of contagious diseases affecting the schools has been recorded during the last part of the year. Many of these caused alarm, some of it needless and some justifiable. The Franklin school was closed the last part of the winter term on account of the prevalence of diphtheria in that locality.

At the beginning of the spring term the law in regard to vaccination was enforced, the teachers being instructed to allow no child to attend school unless he had received vaccination. The enforcement met with but little opposition. Some people, however, found the demand upon their purses to be so severe as to justify complaint. Evidently but little mercy was shown in consideration of a person's circumstances.

The popularity of the kindergarten is attested by the large attendance in the spring and the fall terms. A re-arrangement of these schools looking to a more reasonable division of the territory seems an advisable scheme. Locating one in the extreme south

part of the city and establishing a new one in the Kimball building would probably satisfy the demand for some time to come. At the present writing pupils are being denied admission on account of a lack of accommodation.

The work in nature study for the past year has been in charge of Miss S. E. Brassill of South Weymouth, Mass. Her efforts have aroused increased enthusiasm, her plan being very much broader and more educational than that pursued heretofore. Each month brings its particular study of animal and plant life which cannot be studied successfully at any other time. These forms of life are studied not only by themselves but their mutual dependence is forcibly brought out. This work might profit still more by the services of some good teacher for one day each week.

The question of whether the vertical or slant style of penmanship is the proper style to teach is being quite fully discussed. Each system has its own advantages. A discussion of the subject here is not advisable inasmuch as a trial is being made in our schools which ought to settle the matter.

Very many of the schools have started libraries. Their purpose is to stimulate the child to read good literature and, indirectly, to obtain better general work. Many of these libraries have been enlarged by gifts of books from the pupils themselves. The teachers have been instructed to make a careful selection from these books, rejecting anything that would be likely to injure the literary taste or the morals of the pupils.

The skill with which physical culture is now taught removes it from the noxious list of fads, and assigns it a place among the desirable studies. The pupils are gaining each year in physical development. One of our former teachers, after a recent visit to her old school, said, "How much more erect the children stand than they did when I was teaching here." I regard this, in itself, a sufficiently comprehensive report of this work.

Miss Colburn's efforts have won for her the praise due to faithful work. Military drill as an exercise for the High school boys is popular among them and beneficial to their bodily health. The services of Gen. A. D. Ayling have been appreciated and merit the success that has attended them.

The advancement of the lower schools in music has been steady and sure. The High school work has not been such as to inspire

enthusiasm either in the teacher or in the pupils. This is due mainly to the reduction of time from the *one hour* a week of former years to less than *thirty minutes* at the present time. I would suggest that more time be allowed this work, and that nothing be made to militate against its success. Concord may well feel proud of the stand her schools have taken in music. The indorsement given her work at the New Hampshire State Musical Association is one that should cause us all to support this instruction with enthusiasm. Mr. Conant has fully maintained his past reputation as a successful instructor.

The schools have enjoyed a year of prosperous, progressive work. The changes in the corps of teachers and in the course of study have not been numerous, a fact which has conduced to the general welfare of the schools more than any other one thing.

The question of an overcrowded curriculum, mentioned in former reports, has been discussed. Little relief, however, has been afforded, much to the regret of those who believe in more moderate requirements and to the perplexity of those who have the problem to solve. The force of a public demand for our schools to keep abreast of the times still refuses to eliminate studies that might be termed luxuries, for the reason that other cities require them. It is certainly better to accomplish a little well than to half accomplish a great deal.

A plan that aims to educate along special lines in the secondary schools ought to commend itself to any one as unfeasible. The fact that nobody can forecast the occupation of a primary or a grammar school pupil should settle forever the character of the instruction for such pupils. A symmetrical development should be sought for the mind. This demands work of such a character as to insure such a development in the highest possible degree. It matters not whether it is done by making a perfect joint in wood-work, setting a correct stitch in sewing, seasoning food properly, the critical study of mathematics, or the careful study of literature. The result is the end sought.

To keep a child at work upon mathematics simply because you think he will become and because you wish him to become a banker is wrong, because he is just as likely to become a butcher or a baker.

The very, very limited amount of usable knowledge one requires

to satisfy the demands of common life is truly astonishing. The ability to read well, write well, and a thorough knowledge of the rudiments of arithmetic will insure one a happy and a prosperous life, if all other conditions are favorable. Consult your own experience, and if you are not a professional man you will at once admit of this as being no idle statement.

Yet the pursuit of the so-called useful studies alone does not insure the highest possible mental development. The mental drill occasioned by such work as the study of the multiplication tables is inconsiderate when compared with the broadening effect of literary and scientific study for the reason that it seeks to fix facts for future use while the other develops the mind as a whole, and makes itself apparent in an enlarged intellectual capacity and in the moral refinement of the child. A study of the "three R's" may or may not meet the standard requirements. Surely if they in correlation do not unite to elevate the pupil to a high plane of morality, culture, and refinement, they are, in no uncertain sense, failures.

The most reliable resources a pupil can have are a well-developed power to think and the ability to reason. Some pupils can never have these, for the furnishing of brains rests with nature, not with schools. Any plan that attempts to gain this by training a child for some future visionary employment is a failure at the outset. I am frank to confess that to my knowledge there is not a department in our schools that seeks to fit pupils for any special employment.

A child's tastes in a great measure will govern his choice of employments. If he goes forth with a mental development commensurate with his natural ability, under all ordinary conditions he will find the place for which he is best fitted.

It is a pleasure for me to acknowledge once more the kindly forbearance and the enthusiastic support of the Board of Education, the teachers, and the general public. Earnestly desirous of improving the present high standard of school work, I cordially solicit the hearty coöperation of all who are interested in bringing about this result.

L. J. RUNDLETT,
Superintendent.

REPORT OF THE BOARD OF EDUCATION OF
SCHOOL DISTRICT NO 20.

The school board of District No. 20, herewith submits its annual report for the year ending March, 1895.

There have been in all thirty-five weeks of school.

The same corps of teachers has been in charge as last year, until the close of the spring term, when Miss Mary S. Emery resigned as teacher in the Third primary room. Miss Grace M. Powell was promoted from the First primary grade to that of the Third, and Miss Lucy E. Warner was engaged to fill the vacancy caused by the promotion of Miss Powell. Miss Warner came to us highly recommended and with considerable experience in Massachusetts schools, and has proved to be an excellent teacher. Being taken ill, her room was supplied four weeks by Miss Bessie Corey, in a very creditable manner.

After three weeks of the winter term, Miss Mary A. Williams was unable to teach, on account of illness, and Miss Evelyn M. Winkley, from the Concord training-school, was secured as substitute for the remainder of the term, and the school has progressed satisfactorily.

In the other rooms everything seems to have gone on smoothly and the work advanced, and especially has a great improvement in singing been noted in some of the rooms. The attendance has been good, as will be seen by the table of attendance.

All bills have been paid and the expenses kept within the amount appropriated. The school building has been kept neat and clean, but needs a few slight repairs. The boiler has been inspected since the close of the winter term, and the inspector reports that new tubes will be necessary, as the ones now in the boiler are badly pitted.

Respectfully submitted :

(Signed)

H. E. CHAMBERLIN,
HENRY ROLFE,
IRA C. PHILLIPS,

Board of Education.

	\$3,628.48

Respectfully submitted :

HENRY ROLFE,
Treasurer.

TOWN DISTRICT SCHOOL REPORT.

While most of our schools have made good progress during the year, the work has not been as uniform and uninterrupted in every locality, as was desirable. Bad roads, and perhaps more than a usual amount of sickness, as well as other causes, have reduced the per cent. of attendance a little below that of the average year, and especially has this been true during the winter terms.

Irregularity in attendance is the old complaint that comes from a majority of all our schools. There is reason to believe that in some cases children are allowed to remain at home for the slightest excuse, until the practice becomes a settled habit. If parents generally would realize that the pupil most regular in attendance, though perhaps of ordinary ability, is the one that wins, and that the one who is often absent is a discouragement to the teacher, and a hindrance to the progress of the class, there might be some improvement in this direction. On the other hand, some of those whose homes are from one to two miles from the school room, we are proud to say, have shown a heroic determination to be in school every day during the term.

Our teachers for the most part have proved their worth by their work. Some of them have served us during several terms, others for as many years. Those schools which have been under the instruction of the same teacher for the longest time, have certainly been more fortunate in many respects than those where teachers have been exchanged two or three times a year.

Our thanks are due to the parents generally for their coöperation with the school board, and for the support of the teachers with but few exceptions. It is a matter of regret that any exception should exist, or that in any instance parents should prefer no school at all to the one they cannot control. Criti-

cism of schools and of teachers that is born of petty strifes or neighborhood jealousies, is too common. It is only where the highest object of educating the young is the governing principle that the greatest degree of prosperity can be looked for in our schools.

Our text-books, referred to in our last report, have, with the addition of a few new books, served their purpose throughout the year. We are of the opinion that the purchasing of new books of the same kind, to take the place of those worn out, should be avoided as far as possible, and that a thorough change in some of our books should be made during the year.

ALBERT SALTMARSH,
GEORGE T. ABBOTT,
FRANK P. TALLANT,
School Board.

TREASURER'S REPORT.

The treasurer of the town school-district respectfully submits the following statement of the receipts and expenditures for the year ending March, 1895 :

RECEIPTS.

Balance, March, 1894,	\$74.17

treasurer,	25.00
auditor,	2.00
committee service,	1.00
						<hr/>
Total expenditures,	\$2,730.32
						<hr/>
Balance in treasurer's hands,	\$62.70

ISAAC N. ABBOTT,

Treasurer.

This certifies that I have examined the accounts of the treasurer of the town school-district, and find the same properly vouched and correctly cast, and the sum of sixty-two dollars and seventy cents balance, left in the treasurer's hands.

FRANK E. DIMOND,

Auditor.

March 7th, 1895.

APPENDIX.

TABLES OF VITAL STATISTICS.

VITAL STATISTICS.

TO THE CITY COUNCIL: In compliance with an act of the legislature passed June Session, 1887, requiring "clerks of towns and cities to furnish a transcript of the record of births, marriages, and deaths to the municipal officers for publication in the annual report," I hereby submit the following:

Births Registered in the City of Concord, N. H., for the Year ending December 31, 1894.
